Summer Online Really Awesome Discoveries

Summer '15

KINDERGARTEN through 3rd GRADES SO RAD

Our **free online** Summer Online Really Awesome Discoveries are a great way to get and stay connected to your school community this summer. These virtual camps, led by student interns, are each only 1 hour long and are scheduled June through the first of September. There is something for everyone, so get ready to make new friends, have fun and explore interesting topics! Simply log into the Online School and view the full schedule, including camp links, under the “summer camps” announcement.

***Please log into sessions using the following format: First Name_Grade_School example: John_3_OHVA*

Date	Time	Session Name	Description
6/15	6 pm ET 5 pm CT 4 pm MT 3 pm PT	Water Whistle http://bit.ly/6-15_6p	Do you love music and science? Create your own water whistle and explore how you can make different sounds with just a straw and a glass of water! Come prepared with a straw, pair of scissors and a cup or glass of water.
6/16	6 pm ET 5 pm CT 4 pm MT 3 pm PT	Invisible Ink http://bit.ly/6-16_6p	Ahh, there is nothing like a nice refreshing glass of lemonade during the hot summer months. But, what if you could also use those lemons to write secret messages to your friends? Find out how to use lemon juice to make invisible ink! Come prepared with a lemon, water, spoon, bowl, cotton swab, white paper and a lamp or other source of light.
6/17	12 pm ET 11 am CT 10 am MT 9 am PT	Fun & Easy Bottle Cap Bug Craft http://bit.ly/6-17_12p	Make your own bugs out of plastic bottle caps and spoons to decorate your room, your garden, or to just have some fun. Come prepared with some clean plastic bottle caps, plastic spoons, glue dots, empty milk carton, permanent pen, and scissors to get our project started.
6/18	4 pm ET 3 pm CT 2 pm MT 1 pm PT	Reusable Frame and Nature Craft for All Seasons http://bit.ly/6-18_4p	Join us for some fun and crafting with items we find nature. Gather up a bunch of flowers, twigs, leaves, or whatever strikes your fancy to make your own nature craft. Make your frame once and you can change your picture for each season! Come prepared with foam craft sheets, lint roller or contact paper, scissors, pen, ruler and your items collected from nature.

*ET = Eastern, CT = Central, MT = Mountain, PT = Pacific, *Arizona is in Pacific currently*

Date	Time	Session Name	Description
6/22	6 pm ET 5 pm CT 4 pm MT 3 pm PT	Crayon Stained Glass http://bit.ly/6-22_6p	What is there to do with all those broken bits of crayon at the bottom of the crayon box? Make art of course! But, you won't be using them to color this time. You will finish with a beautiful stained glass inspired work of art. Come prepared with your crayon stubs or crayon shavings, waxed paper, and newspaper.
6/22	2 pm ET 1 pm CT 12 pm MT 11 am PT	Giant Reusable Bubbles http://bit.ly/6-22_2p	Are you ready for some sticky outdoor fun? If you love bubbles, get ready to have a blast making your own GAK that is perfect for blowing small, medium, and even giant bubbles over and over again! You will need 1 bottle of Elmer's Clear School Glue, ½ - ¾ cup of Sta-Flo Liquid Starch, and a large, wide, hard straw. If you want to make your bubbles even more awesome, bring along liquid watercolors and some glitter for a little extra "wow"!
6/23	12 pm ET 11 am CT 10 am MT 9 am PT	Experience America's Amusement Parks http://bit.ly/6-23_12p	"Do you love the experience of the wind flowing through your hair as you fly down the tracks of a rollercoaster? Do you just enjoy people watching and eating yummy treats? Come experience some of America's greatest theme parks. See some of the behind the scenes workings of theme parks around the nation. Find out what makes them so exciting.
6/23	6 pm ET 5 pm CT 4 pm MT 3 pm PT	Launch It! http://bit.ly/6-24_2p	Did you know that with just a few materials you can build popsicle stick catapults? In this session, you will learn a little about the science and history behind catapults. Then you will learn how to build your own popsicle stick catapult with just a few items. Come prepared with these items: 9-10 craft sticks, 4 rubberbands, bottle cap, hot glue or double sided sticky tape, and mini-marshmallows or other small soft items to use as projectiles.
6/24	2 pm ET 1 pm CT 12 pm MT 11 am PT	Fitness Fun http://bit.ly/6-23_6p	Get up and move!! Staying fit in the summer is important. This sessions will give you some great ideas on how to stay fit and make it fun. Let's get fit together and keep our bodies and brains strong and healthy!
6/25	4 pm ET 3 pm CT 2 pm MT 1 pm PT	Making Window Art with Glue and Food Coloring http://bit.ly/6-24_2p	Take advantage of the summer sunshine to enhance the beauty of your very own masterpiece. This window art project is transformed as the light shines through, creating a magically changing picture as the light shifts. This one can get a bit messy, so wear your artist's smock and throw down a tarp! Come prepared with plenty of glue, food coloring, condiment bottles for each of your colors, and dollar store picture frames.
7/15	12 pm ET 11 am CT 10 am MT 9 am PT	Summer Cooking Made Fun http://bit.ly/6-25_4p	Cooking can be so much fun! In this session, you will learn some great tips and tricks on how to enjoy time in the kitchen cooking up some yummy, summer treats. You can then share your love for cooking with your family. Let's get cooking!
7/16	2 pm ET 1 pm CT 12 pm MT 11 am PT	Pipe Cleaner Finger Puppets http://bit.ly/7-15_12p	Create the characters from your favorite book or make up your own characters and put on a finger puppet play for your family! Gather up a few materials and your puppets will be ready in no time. Come prepared with pipe cleaners, craft glue, puff balls of various sizes and googly eyes to finish off your project.
7/16	4 pm ET 3 pm CT 2 pm MT 1 pm PT	The Science of Air Cannons http://bit.ly/7-16_2p	Have you ever tried to catch a t-shirt from one of those giant t-shirt cannons? How does that thing work? Find out by building your own miniature air cannon! Come prepared with an empty oatmeal cylinder container, plastic shopping bag, duct tape, scissors, and cotton balls or marshmallows to test our air cannon.
7/17	2 pm ET 1 pm CT 12 pm MT 11 am PT	Corner Monster Bookmarks http://bit.ly/7-16_4p	Calling all book lovers! There is no need to fold down the corner of your pages any more. And if you are bored with the same old rectangular bookmark, here is a fun way to save your page! The decorating options are limitless and this is also a great gift option for anyone who loves to read. Come prepared with scrap paper, heavy cardstock weight paper, scissors, ruler, mechanical pencil, glue, and any other decorating items that might give your book mark that extra wow.
7/21	2 pm ET 1 pm CT 12 pm MT 11 am PT	How Sound is Made http://bit.ly/7-17_2p	Music, it's the spice of life! Have you ever wondering how sound is made? Come on a journey with us while we explore how sound is made and see how music is created. Did you know you can see sound? That's right, sound can be seen with doing some simple experiments with house hold items.

Date	Time	Session Name	Description
7/23	4pm ET 3 pm CT 2 pm MT 1 pm PT	Playing with Gravity http://bit.ly/7-21_2p	Have you ever wondered how gravity works? Have you ever wondering why we can stand on our own two feet and do not float away? Gravity is an unseen force that binds us all together. In this session, join us while we explore gravity and really put it to the test.
7/23	12 pm ET 11 am CT 10 am MT 9 am PT	Let's Make Music http://bit.ly/7-23_12p	Music is in the air. Instruments can be made out so many household items. Let's explore the different instruments we can make with just simple items like straws, bottle caps, and cardboard. Join us as we discover the music around us! These are some items that you might use in this session or after it to build your own instruments: 2 popsicle sticks (large works the best, but small works fine too!), 3 rubber bands - 1 wide one and 2 thin ones, 2 strips of paper (about 3/4" x 3"), tape, drinking straws, scissors, strips of cardboard, bottle caps
7/24	2 pm ET 1 pm CT 12 pm MT 11 am PT	Get Up and Dance http://bit.ly/7-24_2p	Did you know that Saturday, July 25th is National Dance Day? Join us for an exciting hour of dance moves, and choreography that will get you up on your feet and moving to the rhythm of music. We will also explore videos created to motivate others to dance and celebrate.
8/3	2 pm ET 1 pm CT 12 pm MT 11 am PT	Fun With Photography http://bit.ly/8-3_2p	Click! Do you like to take pictures? Summer time is a great time to learn how to use a camera and make it fun. This session will teach you some basic photography that you can use at home, with friends or on vacation. Photographs are a great way to capture fun memories.
8/5	2 pm ET 1 pm CT 12 pm MT 11 am PT	Make Your Own Games http://bit.ly/8-5_2p	Games, Games, Games! Do you like to play games? In this session, you will learn how to make your own games. You will learn how to customize games to topics and ideas that you like to play.
