

K12 FLORIDA LLC STUDENT POLICIES
FOR ATTENDANCE, PARTICIPATION AND PERFORMANCE

Policies for recording, monitoring, and reporting the attendance, participation, and performance of students enrolled either in virtual charter schools that K12 Florida LLC (“K12”) provides virtual instruction services to or district virtual instruction programs served by K12 can be found on the disclosure website www.k12.com in the Florida Virtual Academy School Handbook and the Florida Learning Coach Success Guide. If district policies for recording, monitoring, and reporting the attendance, participation, and performance of students enrolled in district virtual instruction programs served by K12 conflict with the policies in the handbook, the district policies will be followed.

In the signed Assurance included in Virtual Instruction Program provider renewal application, K12 Florida LLC has certified that we “will provide attendance, participation, and performance information to districts as required by the district policies to enable districts to monitor student progress toward successful completion of the virtual course or program and to meet student participation requirements specified in Section 1002.45, F.S.”
