WHAT IS A TITLE I SCHOOL?

The U.S. Department of Education provides federal Title I funds through the Georgia Department of Education, to local educational agencies (LEAs), and public schools with high percentages of economic need to help ensure that all children meet and/or exceed State academic content and student academic achievement standards.

GCA is a Title I district utilizing a "schoolwide program." A schoolwide program uses Title I funds to support the educational programs of the school. Students and teachers receive benefits from federal funding that help support academic achievement. Consistent with section 1112 of the Every Student Succeeds Act (ESSA), GCA will put into operation programs, activities, and procedures for parent and family involvement which will be planned and operated with meaningful consultation with parents and families. GCA works on the improvement of the Parent and Family Engagement Program through continuing education, collaborations, and trainings with the Georgia Department of Education.

WHAT IS A PARENT AND FAMILY ENGAGEMENT POLICY?

The purpose of the Parent and Family Engagement Policy is to share how GCA works with parents and families to help all the students in the school meet high academic standards. It outlines rights and responsibilities, schedule of Title I and other important meetings, methods of communication, how to receive student academic expectations and learning goals, available resources, as well as how to provide feedback and become more involved in our school.

HOW IS IT REVISED?

The Parent and Family Engagement Policy is revised annually by GCA Learning Coaches and the Family Engagement Team. Revisions are made through focus groups, survey feedback, email feedback, online meetings, and phone calls. We welcome Learning Coach feedback. If you would like to provide feedback, please email Kristy Howard, Family Engagement Coordinator (krhoward@gacyber.org).

WHAT IS PARENT AND FAMILY ENGAGEMENT?

The goal of Parent and Family Engagement at GCA is for all parents and families to become active partners in the education of their student; to feel supported and empowered by staff; and to be connected to other GCA families and the GCA community as a whole in order to guide their student toward academic success. GCA has adopted the 6 National PTA Standards for Family-School Partnerships as the model for engaging parents, families, and students. The 6 National PTA Standards are:

**WELCOMING
ALL FAMILIES**

**COMMUNICATING
EFFECTIVELY**

**SUPPORTING
STUDENT
SUCCESS**

**SPEAKING UP
FOR EVERY
CHILD**

**SHARING
POWER**

**COLLABORATING

INFORMATION IN AN UNDERSTANDABLE LANGUAGE:

During the initial enrollment process, the language needs of a parent are assessed. If a language barrier is determined, the enrollment package will be provided in the known language. Through our English Learner Program, GCA provides communication to parents of children identified for participation in a language instruction educational program in an understandable and uniform format, to the extent practicable, and provides information in a language that the parents can understand.

School activities that promote student success include:

SCHOOL-PARENT COMPACTS:

GCA staff and parents/learning coaches work collaboratively to develop the Student-Parent-Teacher Compact as part of the Parent and Family Engagement Policy. This Compact outlines how parents/learning coaches, school, staff, and students share the responsibility for improved student academic achievement and the means by which the school and parents/learning coaches will build and develop a partnership to help students achieve the state's high standards. Copies of the School-Parent Compacts are located on our website: <http://www.gacyber.org/title-i.html>

INDIVIDUAL LEARNING PLANS:

An Individualized Learning Plan (ILP) is a written plan which defines the academic needs and strengths of a student based on data, including input from the parent/learning coach, student, and teachers. The ILP is created collaboratively with the student's homeroom teacher and parent/learning coach.

Families and school staff continuously collaborate to support students' learning and healthy development both at home and at school, and have regular opportunities to strengthen their knowledge and skills to do so effectively.

HIGHLY QUALIFIED TEACHERS:

GCA hires all teachers as Highly Qualified. We assign teachers to their subject area and/or grade level of expertise. Parents will receive notification if a non-highly qualified teacher is assigned as the child's teacher of record in an academic content area for four consecutive weeks or more. GCA Teachers receive ongoing training in order to provide the best education possible to students. These trainings are provided professionally, by our school leaders, and with the assistance of GCA parents.

PARENT RIGHT TO REQUEST TEACHER QUALIFICATIONS:

At GCA, we are very proud of our instructional faculty who are highly qualified to provide your student a quality rigorous education. As a Title I school, we must meet federal regulations related to teacher qualifications as defined under the United States Every Student Succeeds Act (ESSA). These regulations allow you to learn more about your child's teachers' training and credentials. At any time, you may inquire:

- Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teaching,
- Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and
- What undergraduate or graduate degrees the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.

You may also ask whether your child receives help from a paraprofessional. GCA does not currently employ paraprofessionals. Our staff is committed to helping your student develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals are highly skilled. If you have questions regarding your student's teacher, please contact the school or department director.

REGIONAL FAMILY ENGAGEMENT COORDINATORS:

Regional Family Engagement Coordinators (RFECs) provide regional family support to specific counties with the goal of increasing academic achievement for all students within their covered counties. RFEC support includes in-person events, local resources, monthly newsletters, and individual support. The following counties are supported by an RFEC: Cherokee, Clayton, Cobb, DeKalb, Henry, and Paulding.

REGIONAL FACEBOOK GROUPS:

GCA PTSO regional Facebook groups offer a beneficial avenue of communication for parents/learning coaches. The GCA PTSO regional Facebook groups are closed groups which are monitored by parent volunteers. Group members must be a parent or learning coach of a currently enrolled student. These groups are used as support for GCA families. For Facebook links and contact information, visit: <http://www.gacyber.org/regional-contacts.html>.

School activities that promote speaking up for every child include:

BECOME AN ADVOCATE:

Parents/learning coaches are encouraged to understand how the school operates and how to raise questions or concerns about school policies or programs. We want to empower parents/learning coaches to understand how to effectively support student success at home and know where to find opportunities to learn how to better guide students. Parents/learning coaches are encouraged to attend quarterly Town Hall meetings, annual Title I meetings, Parent meetings and other live help sessions to learn more about the school and become involved (see [Communicating Effectively](#) and [Sharing Power](#)).

REDUCED CLASS SIZE:

Title I funds are used to reduce class size. Hiring more teachers allows for a smaller student-teacher ratio, especially for at-risk students.

McKINNEY-VENTO ACT:

GCA participates in the education of homeless students by providing specific support and supplies to help with their education. A “homeless” student is any student who lacks a fixed, regular, and adequate nighttime residence. This could mean that a child is sharing the housing of other persons due to loss of housing or economic hardship; is living in motels, etc. due to the lack of alternative accommodations; is living in emergency or transitional shelters; or is awaiting foster care placement. If you are currently experiencing homelessness and are in need of assistance, please contact Barbara Stevens, our Family Resource Coordinator and Homeless/Migrant Liaison at bstevens@gacyber.org.

MIGRANT EDUCATION PROGRAM:

GCA participates in the Migrant Education Program (MEP). Migrant students in GCA are also provided additional support and supplies to help with their education. GCA receives the names of migrant students from the MEP regional office. If you would like more information, please contact Barbara Stevens, our Family Resource Coordinator and Homeless/Migrant Liaison at bstevens@gacyber.org.

Families are empowered to be advocates for their own and other children, to ensure that students are treated fairly and have access to learning opportunities that will support their success.

School activities that promote sharing power include:
