MEET & GREET

Counselors & Family Support Team

September 12, 2013

11am-7pm

CHILD IDENTIFICATION

Masonic Lodge

Create a FREE kit of identifying materials for their child. The kit contains a fingerprint card, a physical description, a video, computer disk, or DVD of the child, a dental imprint, and a DNA sample. The purpose of the kit is to provide critical information to the public and to law enforcement in the event that a child goes missing.

VISION SCREENING

Lions Club

A vision screening is done to separate those with and without possible vision problems. Vision screening results may indicate a potential need for further assessment.

Partner with eye care professionals to carry out joint screening events. A vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor.
