Stride Adaptive Learning Tool

Stride is an online, adaptive game-based learning platform for math, reading, language arts, and science that is accessible 24/7 on tablets, PCs, and Macs. Stride delivers video games as a reward for completing academic tasks, so students are motivated to practice skills throughout the summer and better prepare themselves for a new school year in the fall!

Big Universe Digital Reading Platform

High-interest literature is critical to sparking a student’s love for reading, especially in the formative years. With Big Universe, you can access 14,000+ leveled eBooks and balanced literacy tools available 24/7 on any device. This interactive program has engaging reading practice opportunities, such as read alouds, guided reading, interactive writing, writing workshops, and reading workshops.
