GRADING SCALE

As with most private institutions, we do not rank our students. Cumulative Grade Point Averages are listed by school year on the official transcript for K12 International Academy classes only. We do not compute cumulative GPA for courses taken outside of K12 International Academy due to inconsistent grading policies among previous schools. Courses completed at K12 International Academy are weighted.

Our school offers multiple start dates for both the fall and spring terms. For this reason, the student's final spring term will have an end date between May and August.
