Note for grades 9-12: In order to provide enrollees the best avenue for graduation and any additional assistance that may be needed, students enrolling in grades 9-12 who meet the State Alternative School Student Qualifications related to academic criteria will be placed in Insight School of Idaho (ISID), which is Idaho Virtual Academy's alternative school, upon enrollment. If your student is placed in ISID, your student may have a later start date (please refer to the start dates on the ISID School Start Schedule) and your student will not have the option to dual enroll.

902.4 REQUIRED STUDENT ENROLLMENT ORIENTATION

Students and their parents/guardians must complete the assigned IDVA orientation process prior to the student's official enrollment with IDVA. This is the final step in IDVA's official enrollment process. Parents/Guardians and students will be notified of the enrollment orientation process, the required tasks, and the due dates/deadlines. It is the parent's/guardian's or adult student's obligation to communicate with school staff if additional assistance above what is offered in the orientation process is needed. All new students and their parents/guardians will be assigned to the IDVA enrollment orientation process. Returning students and their parents/guardians may be assigned to the IDVA enrollment orientation process. Students and parents/guardians who have left IDVA and seek to re-enroll may be assigned to the IDVA enrollment orientation process.

Parents/Guardians of students who do not complete all required tasks of their assigned IDVA enrollment orientation process will receive notification via email, and the student will be considered to have not completed the enrollment process to become a student at IDVA. Any student seeking to enroll with IDVA within the same school year after having the opportunity but not completing the required orientation component of the enrollment process must submit a written request within five (5) calendar days of receiving notification of failure to complete the enrollment process to the principal. The request will be reviewed by an administrative committee. A conference will be held with the parent/legal guardian regarding the reason for the failed enrollment process, the commitment that is necessary to succeed with virtual education, and whether or not this is the best educational setting for the student. Requests submitted after the five (5) days will not be reviewed. Exceptions may be made by the Head of School.

Any student seeking to enroll with IDVA in subsequent school years shall be given the opportunity to enroll and complete the required orientation.
