Dear Parents:

As a parent of a student attending a school that is receiving Federal Title I dollars, you have the right to know the professional qualifications of the teacher(s) and instructional paraprofessional(s) who instruct your child. You also have the right to know about the assessments your child will be taking throughout the year.

Federal law requires every Title I school district to provide you with information about our instructors' professional qualifications and our assessments in a timely manner.

If you would like to know the professional qualification information regarding your child's teacher(s) or paraprofessional(s), or if you would like to know more about the assessments your child will be taking throughout the school year, please call the school to set up an appointment to speak to the principal or the principal's designee. If you are unable to meet with the principal, documentation will be sent to you regarding your information request.

We look forward to a productive school year, and we assure you that together we will make a difference in your child's life.

If you need this information in another language please contact the school.

Sharon Merlack
Title I Coordinator.
