**IV. DISCUSSION ITEMS:**

d. **Financial Report** – Cathy Zambrano, the chair of the Finance Committee, led the report to the full board. It was noted the committee would reconvene on February 18 to review the December and January invoices and discuss a possible budget amendment.

e. **Head of School Update** – Dr. Medley walked the board through an analysis of the withdrawal numbers and how that compares to the numbers presented by the State. The DPI presented numbers include finite enrollments as well as students that have moved out of state pushing those numbers higher than they are. School representatives will be prepared to address this discrepancy before the State Board in March. The format presented will be utilized regularly as we can now pull the data directly.
  
  - As a positive, one of the school’s fifth grade students has self-published a book on Friendship. The book contains a reference to a “virtual academy” and it has a dedication to the teachers of NCVA who ignited his desire to write it.

f. **ELL Discussion** – Dr. Medley discussed the need to provide stipends for two teachers who were performing extra duties for ELL students. The recommendation was to utilize funds from the “Bonus” line item in the budget to cover the costs. There was a discussion from the floor about budgeting stipends as a yearly expense. Mr. Kramer stated that was being considered as we begin the budget process for the 2016/2017 school year.
