For example, *triangle* is the name for the concept of any plane, closed, geometric figure that has three (3) sides that form three (3) internal angles.

CONTENT

The name used to refer to all of the facts, concepts, principles, attitudes, and skills students are expected to learn in any course of study.

If the Stakeholder’s or his/her family member’s direct financial interest amounts to \$250 or more, or five percent (5%) or more, of the contract cost to the Academy, the Stakeholder shall make the disclosure to the Board after disclosing it to the Educational Service Provider in one (1) of two (2) ways:

- 1. By writing to the Board president at least seven (7) days prior to the meeting at which the vote on the contract will be taken. The disclosure shall be made public in the same manner as the Board’s notices of its public meetings. (See Bylaw 0165.)
 - 2. By announcing the disclosure at a meeting at least seven (7) days prior to the meeting at which a vote on the contract is to be taken. The Stakeholder must use this method of disclosure if the financial interest amounts to \$5,000 or more.
- D. Stakeholders shall not engage in business, the private practice of their profession, rendering services, or selling goods of any type that take advantage of any current or past professional relationship with any student, client, or parents in the course of their employment with or service to the Academy.

Included, as illustration rather than limitation, are the following:

1. providing any private lessons or services for a fee;
 2. using, selling, or improperly divulging any privileged information about a student or client, which was gained in the course of the Stakeholder's affiliation with the Academy;
 3. referring any student or client for lessons or services to any private business or professional practitioner, if there is any expectation of reciprocal referrals, sharing of fees, or other remuneration for such referrals;
 4. requiring students or clients to purchase any private goods or services provided by a Stakeholder or a family member or any business or professional practitioner with whom any Stakeholder or family member has a financial relationship, as a condition of receiving any grades, credits, promotions, approvals, or recommendations.
- E. Stakeholders or family members shall not make use of materials, equipment, or facilities of the Academy in private practice. Examples would be using the facilities before, during, or after regular business hours for service to private practice clients or checking out items from the instructional materials center for private practice.

Should exceptions to this policy be necessary to provide services to students or clients of the Academy, all such exceptions will be made known to the immediate supervisor and/or disclosed to the Board prior to entering into any private relationship.

Academy administrators shall not accept any money, goods, or services from any person who does business or seeks to do business of any kind with the Academy.

BOARD - EDUCATION SERVICE PROVIDER RELATIONSHIP

The Board of Directors believes, in general, the primary duty of the Board is to establish policies, and the duty of the Educational Service Provider is to administer such policies. The Educational Service Provider should be given sufficient latitude to determine the best method of implementing the policies of the Board.

The Educational Service Provider is the primary professional advisor to the Board. The Educational Service Provider is responsible for the development, supervision, and operation of the Academy program and facilities to the extent delegated by contract. The Educational Service Provider's methods should be made known to the staff through the appropriate Administrative Procedures of the Academy.

The Educational Service Provider and other representative staff shall attend all Board meetings, when feasible. Staff participation shall provide professional counsel, guidance, and recommendations - as distinct from the deliberation, debate, and voting of Board members.

The Board is responsible for determining the success of the Educational Service Provider in meeting the Board's educational goals through regular evaluations of the Educational Service Provider's performance.

EMPLOYMENT OF THE SCHOOL LEADER

Reference: MCL 380.1246
1999 PA 212

The Board of Directors vests in the Educational Service Provider the primary responsibility for administration of this Academy. Whenever the position of School Leader is vacant, the Educational Service Provider shall appoint a new School Leader in accordance with the terms of the Educational Service Provider contract.

DEVELOPMENT OF ADMINISTRATIVE PROCEDURES

The Board of Directors delegates to the Educational Service Provider the function of designing and implementing the procedures, required actions, and detailed arrangements under which the School will operate. These Administrative Procedures shall be consistent with the policies adopted by the Board.

The Board will formulate and adopt Administrative Procedures and rules only when required by law or when necessary in the judgment of the Board.

The Educational Service Provider is responsible for the development and issuance of employee handbooks for School staff. The Educational Service Provider shall ensure that the employee handbook is consistent with Board policies, Federal/State law, the Charter Contract, and applicable authorizer policies.

The Educational Service Provider shall also develop student handbooks necessary for the effective administration of the School and shall distribute them to employees and students and/or their parents.

As long as the provisions of the Administrative Procedures and student handbooks are consistent with Board policies, Federal/State law, the Charter Contract or applicable authorizer policies, they will be considered to be an extension of the policy manual.

A copy of the School's Administrative Procedures manual and copies of all student and employee handbooks shall be made a part of the Board's reference materials maintained in the School office.

The Educational Service Provider shall maintain and keep at the School a current organizational chart to which immediate reference can be made by the Board or any employee.

EVALUATION OF THE EDUCATION SERVICE PROVIDER

The Board of Directors believes it is essential to evaluate the Educational Service Provider's performance periodically to assist both the Board and the Educational Service Provider to properly discharge their responsibilities and to enable the Board to provide the Academy with the best possible leadership. To carry out this responsibility, the Board will evaluate the Educational Service Provider according to the contract between the Board and the Educational Service Provider and a mutually agreed-upon tool.

ACADEMY ADMINISTRATOR EVALUATION

Reference: MCL 380.1249

The Board of Directors, through the powers derived from the School Code, including Section 1249 of the Michigan Revised School Code, MCL 380.1249, and other relevant statutes, is responsible for the employment and discharge of the Educational Service Provider. To carry out this responsibility it delegates to the Educational Service Provider, the function of establishing and implementing a rigorous, transparent, and fair performance evaluation system that does all of the following:

- A. evaluates the School Administrator's job performance at least annually in a year-end evaluation, while providing timely and constructive feedback. The year-end evaluation shall assign an effectiveness rating of high effective, effective, minimally effective, or ineffective. The Board shall perform the Educational Service Provider's evaluation; the School Leader or Designee shall perform all other administrators' evaluations. An administrator rated highly effective on three (3) consecutive year-end evaluations may be evaluated every other year, at the Academy's discretion.
- B. establishes clear approaches to measuring student growth and provides school administrators with relevant data on student growth;
- C. evaluates a school administrator's job performance, using multiple rating categories that take into account data on student growth as a significant factor in the evaluation in accordance with state law (recommend at least twenty-five percent (25%). Beginning the 2015-2016 school year at least 50% of the annual year-end evaluation shall be based on student growth and assessment; For these purposes, student growth shall be measured by national, State, or local assessments and other objective criteria.

For the portion of the annual year-end evaluation that is not based on student growth and assessment data, that portion shall be based on the following factors:

1. If the administrator conducts teacher performance evaluations, the administrator's training and proficiency in using the evaluation tool for teachers, including a random sampling of his or her teacher performance evaluations. If the administrator designates another person to conduct teacher performance evaluations, the evaluation of the school administrator on this factor shall be based

- on the designee's training and proficiency in using the evaluation tool for teachers, including a random sampling of the designee's teacher performance evaluations;
2. The progress made by the Academy in meeting the goals set forth in the school improvement plan or the school district's school improvement plans;
 3. Pupil attendance in the Academy or school district;
 4. Student, parent, and teacher feedback, and other information considered pertinent by the Board of Directors.
- D. uses the evaluations, at a minimum, to inform decisions regarding all of the following:
1. the effectiveness of school administrators, so that they are given ample opportunities for improvement;
 2. promotion, retention, and development of school administrators, including providing relevant coaching, instruction support, or professional development;
 3. whether to grant full certification, to school administrators using rigorous standards and streamlined, transparent, and fair procedures; and
 4. removing ineffective school administrators after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.

The evaluation program shall aim at the early identification of specific areas in which the individual administrator needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to an administrator shall not release that professional staff member from the responsibility to improve. If an administrator, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. In such an instance, all relevant evaluation documents may be used.

If an administrator is rated as minimally effective or ineffective, then the person or persons conducting the evaluation shall develop and require the administrator to implement an improvement plan to correct deficiencies. The improvement plan shall recommend professional development opportunities and other measures designed to improve the rating of the administrator on his or her next annual year-end evaluation.

Evaluations shall be conducted as stipulated in the revised School Code, the employment contract, the Educational Service Provider Administrative Procedures and as directed by the Michigan Department of Education. An administrator rated as "ineffective" on three (3) consecutive year-end evaluations, using the same performance evaluation system, must be dismissed from employment. The Academy retains the discretion to dismiss an ineffective administrator regardless of whether the administrator is rated ineffective on three (3) consecutive year-end evaluations. An administrator shall be given a copy of any documents relating to his/her performance which are to be placed in the personnel file.

PARENT INVOLVEMENT IN THE ACADEMY PROGRAM

Reference: Sec. 1112, 1118 ESEA
MCL 380.1294

The Board of Directors recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism.

The term "families" is used in order to include children's primary caregivers, who are not their biological parents, such as foster caregivers, grandparents, and other family members.

Through this policy, the Board directs the establishment of a Parental Involvement Plan by which a school-partnership can be established and provided to the parent of each child in the Academy. The plan must encompass parent participation, through meetings and other forms of communication. The Parental Involvement Plan shall reflect the Board's commitment to the following:

A. Relationships with Families

1. cultivating school environments that are welcoming, supportive, and student-centered;
2. providing professional development for school staff that helps build partnerships between families and schools;^{1,2}
3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;^{1,2}
4. providing coordination, technical support and other support to assist schools in planning and implementing family involvement activities.²

B. Effective Communication

1. providing information to families about school policies, procedures, programs, and activities;^{1,2}
2. communicating with families in a format and language that is understandable, to the extent practicable;^{1,2}
3. providing information and involving families in monitoring student progress;²
4. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions;^{1,2}

5. preparing families to be involved in meaningful discussions and meetings with school staff.^{1,2}

C. Volunteer Opportunities

1. providing volunteer opportunities for families to support their children's school activities;²
2. supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family involvement events.²

D. Learning at Home

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school;^{1,2}
2. helping families to provide a school and home environment that encourages learning and extends learning at home.¹

E. Involving Families in Decision Making and Advocacy

1. involving families as partners in the process of school review and continuous improvement planning;²
2. involving families in the development of its Academy-wide parent involvement policy and plan, and distributing the policy and plan to families.^{1,2}

F. Collaborating with the Community

1. building constructive partnerships and connecting families with community-based programs and other community resources;^{1,2}
2. coordinating and integrating family involvement programs and activities with Academy initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.^{1,2}

Implementation

The Educational Service Provider, will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the Academy's continuous improvement, and individual school improvement plans. The plan will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's effectiveness and identification of barriers to participation by parents and families. Evaluation findings will be used in the annual review of the Parent and Family Involvement policy and to improve the effectiveness of the Academy plan.

Any form of discrimination or harassment can be devastating to an individual's academic progress, social relationship and/or personal sense of self-worth.

As such, the Board of Directors does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age (except as authorized by law), religion, military status, ancestry or genetic information in its educational programs or activities and will not permit discrimination in any of these categories from its Educational Service Provider.

The Board will not permit discrimination of the employment practices of its Educational Service Provider as they relate to students, and will not tolerate harassment of any kind.

Equal educational opportunities shall be available to all students, without regard to the Protected Classes (unless age is a factor necessary to the normal operation or the achievement of any legitimate objective of the program/activity), place of residence within the boundaries of the Academy, or social or economic background, to learn through the curriculum offered in this Academy. Educational programs shall be designed to meet the varying needs of all students.

In order to achieve the aforesaid goal, the Educational Service Provider shall:

A. Curriculum Content

review current and proposed courses of study and textbooks to detect any bias based ascertaining whether or not supplemental materials, singly or taken as a whole, fairly depict the contribution of both genders, various races, ethnic groups, etc. toward the development of human society;

B. Staff Training

develop an ongoing program of in-service training for school personnel designed to identify and solve problems in all aspects of the program;

C. Student Access

review current and proposed programs, activities, facilities, and events sponsored by the Academy to ensure that all students have equal access to participate and are not segregated from other students during in-person events or programs sponsored by the Academy;

D. Academy Support

verify that like aspects of the entire Academy program receive like support as to staff size and compensation;

E. Student Evaluation

verify that tests, procedures, or guidance and counseling materials, which are designed to evaluate student progress, rate aptitudes, analyze personality, or in any manner establish or tend to establish a category by which a student may be judged, are not differentiated or stereotyped on the basis of Protected Classes.

Academy Compliance Officers

The Board designates the School Leader to serve as the Academy's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs").

The names, titles, and contact information of these individuals will be published annually in the staff handbooks.

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination Act of 1975 is provided to students, their parents, staff members, and the general public. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and all other members of the Academy community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other Academy official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO at his/her first convenience.

Members of the Academy community, which includes students or third parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a CO will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the student, if age eighteen (18) or older, or the student's parents if the student is under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Any student who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to quickly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the parties (the alleged target of the discrimination and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Students who believe that they have been unlawfully discriminated/retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the Academy community against a student will be formally investigated.

As an initial course of action, if a student feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The

COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful conduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

A student who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Educational Service Provider or other Academy-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide students who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the student claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the student about how to communicate his/her concerns to the person who allegedly engaged in the discriminatory/retaliatory behavior.
- B. Distributing a copy of Policy 2260 – Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the CO may arrange and facilitate a meeting between the student claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

All materials generated as part of the informal complaint process will be retained by the COs in accordance with the Board's records retention policy and/or Student records policy.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the student elects to file a formal complaint initially, the formal complaint process shall be implemented.

A student who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant") may file a formal complaint, either orally or in writing, with a teacher, Principal, or other employee at the student's school, the CO, Educational Service Provider, or another employee who works at another school or at the Academy level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a teacher, Principal, or other employee at the student's school, Educational Service Provider, or other employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person alleged to have engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deems appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent") that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 2260 - Nondiscrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the Educational Service Provider must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the Educational Service Provider shall issue a final written decision as described above.

If the Educational Service Provider determines the Complainant was subjected to unlawful discrimination/retaliation, s/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the Educational Service Provider shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The Complainant may be represented, at his/her own cost, at any of the above described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a Complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

All records created as a part of an investigation of a complaint of discrimination/retaliation will be maintained by the CO in accordance with the Board's records retention policy. Any records that are considered student education records in accordance with the Family Educational Rights and Privacy Act or under Michigan's student records law will be maintained in a manner consistent with the provisions of the Federal and State law.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Reference: 29 USC 794, Section 504 Rehabilitation Act of 1973, as amended
34 C.F.R. Part 104
42 USC 12101 et seq., Americans with Disabilities Act of 1990, as amended

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA") and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Directors does not discriminate in admission or access to, or participation in, or treatment, in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities, and will make accessible to qualified individuals with disabilities its facilities, programs, and activities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the Academy.

An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aides and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Michigan law to provide educational services to disabled persons; or
- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational education services, a qualified person with a disability means a disabled person who meets the academic and technical standards requisite to admission or participation in the vocational program or activity.

Academy Compliance Officer

The following person is designated as the Academy's Section 504 Compliance Officer/ADA Coordinator ("Academy compliance Officer."

The Academy Compliance Officer is responsible for coordinating the Academy's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section 504 and the ADA, including copies of the implementing regulations, may be obtained from the Academy Compliance Officer.

The Academy Compliance Officer will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Educational Service Provider will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. The Educational Service Provider will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing.

Training

The Academy Compliance Officer will also oversee the training of employees in the Academy so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, Administrative Procedures and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Educational Service Provider will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

If a student has a physical or mental impairment that significantly limits one or more major life activities, the Board will provide the student with a free appropriate public education. An appropriate education, may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For disabled students who are not eligible for specially designed instruction under the IDEIA, the related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who is enrolled by the Academy to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Academy places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home.

The Academy will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities. Nonacademic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interests groups or clubs sponsored by the Academy, referrals to agencies that provide assistance to persons with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods, and nonacademic and extracurricular services and activities, including those listed above, the Academy will verify that persons with disabilities participate with persons without disabilities in such services and activities to the maximum extent appropriate.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the Academy's Compliance Officer will be posted throughout the Academy, and published in the Academy's recruitment statements or general information publications.

The Educational Service Provider shall develop Administrative Procedures for the proper implementation of this policy.

LEAST RESTRICTIVE ENVIRONMENT POSITION STATEMENT

Reference: IDEA, 20 USC 1400, et. seq.

Other more restrictive environments such as: resource rooms, self contained categorical classrooms, or settings outside of the Academy will be considered only after consideration has been given by the I.E.P. as to the feasibility of placement in the regular classroom.

All staff of the Insight School of Michigan are employees of K12, Inc., the employer of record, as per the contractual agreement between the Insight School of Michigan Board of Directors and K12, Inc. All employees, therefore, are subject to all personnel policies and regulations established by K12, Inc.

CRIMINAL HISTORY RECORD CHECK

Reference: MCL 380.1230, et seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Board of Directors hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

“Under contract” shall apply to individuals, as well as owners and employees of entities, who contract directly with the Board or with a third party vendor. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual who is subject to the criminal history record check requirement to work in the Academy, a fingerprint-based check shall be submitted in accordance with state law.

Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), whether the individual has been approved to work in the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar “red light/green light” procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Board may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another school, public school academy, or non-public school in the State, the Board may use a report received from the State Policy by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

Individuals working in multiple Schools/Academies may authorize the release of a prior criminal history records check with another Academy in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school, Intermediate School District, public school academy, or non-public school within the State, with no separation, may have their previous record check sent to the Board in lieu of submitting to a new criminal background check. If this method is used, the board must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual’s name, sex, and date of birth through the Internet Criminal History Access Toll (“ICHAT”).

“No separation,” for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer or the employee transfers, without a break in service, to another school, Intermediate School District, public school academy, or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the Board from another proper source will be maintained in the individual’s personnel record.

When the Board receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Board shall take steps to verify that information using public records in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Board will not hire or continue to employ any individual, either directly or as a contracted employee, to work regularly and continuously in the schools who has been convicted of a “listed” offense as defined in MCL 28.722. The Board will not hire or continue to employ any individual, either directly or as a contracted employee, to work regularly and continuously in the schools who has been convicted of any felony unless the Board provides written approval.

The Board must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Board with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

All those employed by the Board, either directly or under contract, to regularly and continuously work in the schools prior to January 1, 2006 must undergo a criminal history records check regardless of whether they have previously had such a check prior to 2006.

The School Leader shall determine a schedule that assures that all such required checks are completed prior to July 1, 2008. Alternatively, substitute teachers within this category may authorize release to the Board of a valid criminal history check conducted by another school after January 1, 2006.

The School Leader may confirm with the Department of Education, from results it maintains, that the current regular substitute teacher does not have a criminal history.

The Authorized User shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

In accordance with state law, an applicant must provide a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

In accordance with state law, an employee on staff must provide a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those not directly involved in evaluating the applicant's qualifications. Records involving misdemeanor convictions for sexual or physical abuse or any felony are not subject to these restrictions. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Board employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act ("FOIA") for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a Freedom of Information Act request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school, Intermediate School District, public school academy, or non-public school when the individual is an applicant for employment at such school and there has been no separation from service as defined in this policy and by statute.

Reference: MCL 380.502(3)(e)(iii); MCL 380.504

The Board of Directors will allow students who reside in Michigan to enroll in the Academy in accordance with limits established by the Board of Directors. Because space is limited, each student must enroll each year. Preferences will be in writing and given to currently-enrolled students and siblings of enrolled students.

When maximum enrollment for a grade has been reached, applicants shall be placed on a waiting list and admitted on the basis of a lottery system.

The Board of Directors shall offer the pupils attending a school identified as a Persistently Dangerous School the opportunity to transfer to a safe public school within the local District within ten days of receiving the official complaint.

The Educational Service Provider shall develop Administrative Procedures for the proper implementation of this policy.

HOMELESS STUDENTS

Reference: 42 USC 11431 et. seq.

Children who meet the Federal definition of "homeless" will be provided a free and appropriate public education in the same manner as all other students of the Academy and will not be stigmatized or segregated on the basis of their status as homeless. No homeless student will be denied enrollment based on a lack of proof of residency. No Board policy, Administrative Procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

Homeless students will be provided services comparable to other students in the Academy, including the following:

- A. transportation services;
- B. educational services for which the homeless student meets eligibility criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;
- C. programs in vocational and technical education;
- D. programs for gifted and talented students; and

Children of an active duty member of the United States armed services shall be entitled to all of the rights and protections afforded under the Interstate Compact on Educational Opportunity for Military Children (Compact).

The Academy may make a recommendation to the parent or guardian that the child is not ready to start kindergarten due to age or other factors, but the decision whether to enroll the child will remain with the parent or guardian.

C. Preschool Disabled

Readiness and compensatory education programs may be provided for disadvantaged children of preschool age, if they have been certified in accordance with the rules of the State and are not part of the Academy's special education program.

All such programs must comply with any applicable State and Federal requirements, such as least restrictive environment.

USE OF MEDICATIONS

Reference: MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

Neither the Board of Directors nor the School Leader shall be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child is disabled and requires medication to benefit from his/her educational program.

For purposes of this policy, medication shall include all medicines including those prescribed by a physician and any non-prescribed (over the counter) drugs, preparations, and/or remedies and performance-enhancing drugs as defined in AG 2431C. Treatment refers both to the manner in which a medication is administered and to health care procedures that require special training, such as catheterization.

Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written prescription from the child's physician and the written authorization of the parent.

Before any non-prescribed medication or treatment may be administered, the Board shall require the prior written consent of the parent who must also authorize any self-medication by his/her child. Medications will be administered by the Academy in accordance with the School Leader's procedures.

Only medication in its original container that is labeled with the date (if a prescription), the student's name, and exact dosage may be administered. Parents, or students authorized in writing by their physician and parents, may administer medication or treatment.

Staff members are to administer medication or treatment only in the presence of another adult, except in the case of an emergency that threatens the life or health of the student. Staff licensed as professional registered nurses are exempt from this requirement.

All staff authorized to administer medication or treatment will receive training on appropriate procedures for administering the medication or treatment. This training shall be provided by qualified individuals with knowledge of the Academy's policy and procedures and knowledge of the administration of medications or treatment.

Students may possess and self-administer a metered dose or dry powder inhaler for relief of asthma (or before exercise to prevent onset of asthma symptoms), while at the school, on school-sponsored transportation, or at any school-sponsored activity in accordance with the Administrative Procedures, if all of the following conditions are met:

- A. There is written approval from the student's physician or other health care provider and the student's parent/guardian (if student is under eighteen (18) to possess and use the inhaler (Form 5330 F1c)

and

- B. The School Leader has received a copy of the written approvals from the physician and the parent/guardian.

and
- C. There is on file at the student's Academy a written emergency care plan prepared by a licensed physician in collaboration with the student and his/her parent/legal guardian. The plan shall contain specific instructions on the student's needs including what to do in the event of an emergency.

Students with a need for emergency medication may also be allowed to self-possess and self-administer such medication, provided that they meet the same conditions established above. Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self-possess and administer the medication if they meet the conditions stated above.

This policy and the Administrative Procedures developed to establish appropriate procedures shall be implemented in such a manner to comply with Academy's obligations and the student's needs under any Individualized Education Plan, Section 504 Plan, or other legally required accommodation for individuals with disabilities.

The School Leader shall prepare Administrative Procedures to ensure the proper implementation of this policy.

CONCUSSIONS AND ATHLETIC ACTIVITIES

Reference: M.C.L. 333.9155 – 333.9156

To provide for the safety of student athletes, all athletic programs of the Academy shall comply either with the concussion protocols of the Michigan High School Athletic Association, or the protocols set forth in AG 5340.01, which shall meet all the requirements of state law and Department of Community Health guidelines regarding concussion awareness training and protection for youth athletes. The Academy shall comply with whichever standards are more protective.

GRADUATION REQUIREMENTS

Reference: MCL 380.1166, 380.1278a(1), 380.1278a(2), 380.1278a(4)(c), 380.1279b
20 USC 1400 et seq.
20 USC 1401 et seq.
29 USC 794
42 USC 12131 et seq.

It shall be the policy of the Board of Directors to acknowledge each student's successful completion of the instructional program or a personal curriculum appropriate to the achievement of Academy goals and objectives as well as personal proficiency, by the awarding of a diploma at graduation ceremonies.

The Board shall award a regular high school diploma to every student enrolled in this Academy who meets the requirements of graduation established by this Board, the Michigan Department of Education (MDE), and as provided by State law.

The Board shall annually notify each of its students and a parent or legal guardian of each of its high school students that all students are entitled to a personal curriculum. The annual notice shall include an explanation of what a personal curriculum is and state that if a personal curriculum is requested, the Academy will grant that request. The Academy shall provide this annual notice to parents and legal guardians by sending a written notice to each high school student's home or by including the notice in a newsletter, student handbook, or similar communication that is sent to a student's home and also shall post the notice on the Academy's website.

Credit may be earned by:

- A. traditional course work;
- B. demonstrating mastery of subject area content expectations or guidelines for the credit;
- C. related course work in which content standards are embedded;
- D. non-traditional course work;
- E. independent teacher-guided study;
- F. testing out;
- G. dual enrollment;
- H. advanced placement courses;
- I. international baccalaureate or other "early college" programs; or
- J. MDE approved formal career and technical ("CTE") program or curriculum;
- K. online class

High school special education students who properly complete the programs specified in their I.E.P., or in a personal curriculum, and meet the requirements for a high school diploma, and have

received the recommendation of the I.E.P.C. may participate in graduation activities as recommended by the student's I.E.P.C. Reasonable accommodation shall be made for students with disabilities, as defined under State or Federal law, to assist them in taking any required tests or assessments for graduation.

For State-mandated curriculum requirements, a student shall be granted credit toward graduation if s/he successfully completes the subject area content expectations or guidelines developed by the department that apply to the credit. A student may also receive credit if s/he earns a qualifying score, as determined by the State on the assessments developed or selected for the subject area by the State or the student earns a qualifying score, as determined by the Academy on one or more assessments developed or selected by the Academy that measure a student's understanding of the subject area content expectations or guidelines that apply to the credit. For subject areas and courses in which a final examination is used as the assessment for successful attainment of the subject area content, a grade of C+ or better is required.

The Board shall grant credit toward high school graduation for any student who successfully completes, prior to entering high school, a State-mandated curriculum requirement, provided s/he completes the same content requirements as the high school subject area, and the student has demonstrated the same level of proficiency on the material as required of the high school students.

For elective courses, which are not State-mandated curriculum requirements, the Board shall grant credit to any high school student who is not enrolled in the course, but has exhibited a reasonable level of knowledge of the subject matter of the course by achieving C+ or better in the final exam for the course, or, if there is no final exam, through the basic assessment used for the course, which may consist of a portfolio, paper, project, presentation or other established means.

Such credit shall be counted toward the required number of credits needed for graduation. Mastery credits shall be counted toward any subject area requirement and any course sequence requirement. Once mastery credit is earned in a subject area, a student may not receive further credit for a lower sequence course in the same subject area.

A high school student shall be granted credit in any foreign language not offered by the Academy providing the student meets the competency criteria established by the School Leader.

Many high school credit requirements may be fulfilled through state-approved career and technical education programs (see AG 5460.01). The career and technical education credits may include work-based learning by a student working at a business or other work setting with appropriate oversight by the Academy over the student's experience and learning in the work setting in which the work-based learning occurs.

Commencement exercises will include only those students who have successfully completed requirements as certified by the School Leader. No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony of graduation, however, when personal conduct so warrants.

STUDENT HAZING

The Board of Directors believes hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any Academy sponsored event.

For purposes of this policy, hazing shall be defined as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes, or creates a risk of causing, mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibitions contained in this policy.

Hazing involves conduct such as, but not limited to the following:

- A. illegal activity, such as drinking or drugs;
- B. physical punishment or infliction of pain;
- C. intentional humiliation or embarrassment;
- D. dangerous activity;
- E. activity likely to cause mental or psychological stress;
- F. forced detention or kidnapping; and/or
- G. undressing or otherwise exposing the person being hazed.

NOTE: If the school club or organization does not have an official and approved initiation procedure, and if no school staff is involved in the activity, there is a significant likelihood that the activity may result in violation of this policy. Michigan law also makes hazing a crime, punishable by fine and/or imprisonment.

Administrators, faculty members, and other personnel of the Academy shall be alert particularly to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer regarding the prohibitions contained in this policy and shall be ordered to end all hazing activities immediately. All hazing incidents shall be reported immediately to the School Leader. Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties.

The School Leader shall distribute this policy to all students and school employees, and shall incorporate it into building, staff, and student handbooks. It shall also be the subject of discussion at employee staff meetings or in-service programs developed by the Educational Service Provider.

Policies on Bullying, Michigan State Board of Education, 7-19-01
Model Anti-Bullying Policy, Michigan State Board of Education, 09-2006
National School Boards Association Inquiry and Analysis – May 2008

General Policy Statement

It is the policy of the Board of Directors to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and transgender identity), disability, age (except as authorized by law), religion, height, weight, marital or family status, military status ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as unlawful harassment), and encourages those within the Academy community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment, prevent its recurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "Academy community" means students, administrators, and professional and support staff, as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at school-related events/activities (whether on or off Academy property).

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Definitions

Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

- A. teasing;
- B. threats;
- C. intimidation;
- D. stalking;
- E. cyberstalking
- F. cyberbullying;
- G. physical violence;
- H. theft;
- I. sexual, religious, or racial harassment;
- J. public humiliation; or
- K. destruction of property.

Harassment

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

- A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
- C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Unwanted physical and/or sexual contact.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.

- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. Inappropriate boundary invasions by a employee or other adult member of the Academy community into a student's personal space and personal life.
- J. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

[NOTE: Sexual conduct/relationships with students by school employees or any other adult member of the Academy community is prohibited, and any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery". The issue of consent is irrelevant in regard to such criminal charge and/or with respect to the application of this policy to school employees or other adult members of the Academy community.]

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may

occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Students and other members of the Academy community and third parties are encouraged to promptly report incidents of harassing conduct to a teacher, an administrator, supervisor or other Academy official so that the conduct may be addressed before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the Academy's Anti-Harassment Compliance Officer within two (2) school days.

Members of the Academy community, which includes students, or third parties who believe they have been unlawfully harassed are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to one of the Anti-Harassment Compliance Officers who shall investigate the allegation in accordance with this policy. While the Compliance Officer investigates the allegation, the School Leader shall suspend his/her 5517.01 investigation to await the Compliance Officer's written report. The Compliance

Officer shall keep the School Leader informed of the status of the 3362 investigation and provide him/her with a copy of the resulting written report.

Anti-Harassment Compliance Officers

The Board designates the following individuals to serve as "Anti-Harassment Compliance Officers" for the Academy. They are hereinafter referred to as the "Compliance Officers".

The names, titles, and contact information of these individuals will be published annually in the parent and staff handbooks

The Compliance Officers will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student, other member of the Academy community or third party in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept complaints of unlawful harassment directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a Compliance Officer will begin either an informal or formal process (depending on the request of the person alleging the harassment or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In the case of a formal complaint, the Compliance Officer will prepare recommendations for the Educational Service Provider or will oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of harassment that are reported to them to the Compliance Officer within two (2) business days of learning of the incident.

Academy personnel who directly observe unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Compliance Officers within two (2) business days. Additionally, any Academy employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Academy employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer or designee must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), within two (2) school days to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Compliance Officer or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Investigation and Complaint Procedure

Any student who believes that s/he has been subjected to unlawful harassment may seek resolution of his/her complaint through either the informal or formal procedures as described below. Further, a process for investigating claims of harassment or retaliation and a process for rendering a decision regarding whether the claim of legally prohibited harassment or retaliation was substantiated are set forth below.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The informal and formal procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior and to investigate and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

Students who believe that they have been unlawfully harassed or retaliated may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

However, all complaints of harassment involving an Academy employee or any other adult member of the Academy community against a student will be formally investigated. Similarly, any allegations of sexual violence will be formally investigated.

As an initial course of action, if a student feels that s/he is being unlawfully harassed and s/he is able and feels safe doing so, the individual should tell or otherwise inform the harasser that the conduct is unwelcome and must stop. Such direct communication should not be utilized in circumstances involving sexual violence. The complaining individual should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the harasser of his/her complaint is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A student who believes s/he has been unlawfully harassed may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Educational Service Provider; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below on his/her own, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the student claiming unlawful harassment, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the student about how to communicate the unwelcome nature of the behavior to the alleged harasser.
- B. Distributing a copy of the anti-harassment policy as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.
- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting between the student claiming harassment and the individual accused of harassment to work out a mutual resolution. Such a meeting is not appropriate in circumstances involving sexual violence.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

All materials generated as part of the informal complaint process will be retained by the Compliance Officers in accordance with the Board's records retention policy and/or Student records policy. (See Policy 8310 and Policy 8330)

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or if the student elects to file a formal complaint initially, the formal complaint process shall be implemented.

A student who believes s/he has been subjected to offensive conduct/harassment/retaliation hereinafter referred to as the "Complainant", may file a formal complaint, either orally or in writing, with a teacher, principal, or other Academy employee at the student's school, the Compliance Officer, Educational Service Provider, or another Academy employee who works at another school. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, Educational Service Provider, or other Academy employee, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer or designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, offensive conduct/harassment/retaliation; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the alleged harasser. In making such a determination, the Compliance Officer should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions s/he deem appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Educational Service Provider will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the individual alleged to have engaged in the harassing or retaliatory conduct, hereinafter referred to as the "Respondent", that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer or a designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence

gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within ten (10) school days of receiving the report of the Compliance Officer or the designee, the Educational Service Provider must either issue a final decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Educational Service Provider shall issue a final written decision as described above.

The decision of the Educational Service Provider shall be final.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related Administrative Procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider, shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Any act of retaliation against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation is prohibited.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a child with a disability under the age of twenty-one (21) or that a child under the age of eighteen (18) has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Educational Service Provider.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider, or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

BULLYING AND OTHER AGGRESSIVE BEHAVIOR TOWARD STUDENTS

Reference: MCL 380.1310B (Matt's Safe School Law, PA 241 of 2011)
Policies on Bullying, Michigan State Board of Education
Model Anti-Bullying Policy, Michigan State Board of Education

It is the policy of the Academy to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the Academy, including activities on school property, in school provided transportation, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the Academy's control, or where an employee is engaged in Academy business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the Academy and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The School Leader is responsible to implement this policy, and may develop further procedures, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the Academy reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the School Leader or assistant School Leader. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator, Educational Service Provider or Board official. Complaints against the building principal should be filed with the School Leader. Complaints against the Academy School Leader should be filed with the Educational Service Provider.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The School Leader (or other administrator as designated) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Educational Service Provider or appropriate administrator believes that the reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Educational Service Provider will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the School Leader. The School Leader shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

"Aggressive behavior" is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.

"At School" is defined as in a classroom, elsewhere on school premises, on a school bus or other school related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the Academy.

"Bullying" is defined as any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
- B. adversely affecting the ability of a student to participate in or benefit from the Academy's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
- C. having an actual and substantial detrimental effect on a student's physical or mental health; and/or
- D. causing substantial disruption in, or substantial interference with, the orderly operation of the Academy.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

"Harassment" includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

"Intimidation/Menacing" includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.

"Staff" includes all school employees and Board members.

"Third parties" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in Academy business, and others not directly subject to Academy control at inter-district or intra-district athletic competitions or other Academy events.

For further definition and instances that could possibly be construed as:

Harassment, see Policy 5517;

Hazing, see Policy 5516.

DRUG FREE ENVIRONMENT

Reference: MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

The use, manufacture, possession, distribution, or dispensation of alcoholic liquor or the illegal use, manufacture, possession, distribution or dispensation of drugs or drug paraphernalia is strictly prohibited on school property, on school provided transportation, or at school-sponsored events. The Academy shall maintain a drug-free environment at all times.

Students found in possession of alcohol or illegal drugs (including drug paraphernalia), or found to be under the influence of such substances, shall be subject to discipline pursuant to the Academy Code of Conduct.

The School Leader shall establish a drug-free awareness program consistent with this policy and all applicable law. Such a program may include reasonable guidelines and procedures designed to ensure that an individual who has formerly engaged in the illegal use of drugs is no longer engaging in the illegal use of drugs.

Students of the Academy shall be provided with a copy of the standards regarding alcoholic liquor and illegal drugs, including drug paraphernalia, and shall be informed that compliance with these standards is mandatory.

PERFORMANCE-ENHANCING DRUGS/COMPOUNDS

Reference: MCL 333.26301 et seq., 380.1318

The Board of Directors recognizes the use of dietary supplements containing performance-enhancing compounds and/or performance-enhancing drugs poses a serious health risk to students.

Accordingly, no staff member, volunteer, or contractor shall knowingly sell, market, distribute, or promote the use of any dietary supplement containing a performance enhancing compound or a performance-enhancing drug (e.g., anabolic steroids), to a student with whom the staff member, volunteer, or contractor has contact as a part of his/her duties. Furthermore, the staff member, volunteer, or contractor shall not endorse or suggest the ingestion, intranasal application, or inhalation of such a dietary supplement by a student with whom he/she has contact as part of his/her duties.

Use of a performance-enhancing substance regardless of source by a student is a violation that will affect a pupil's athletic eligibility and extra-curricular participation, as determined by the Board. A list of performance-enhancing substances developed by the State Department of Community Health shall be updated annually and included in AG 2431. This notice and list shall also be published in the Parent/Student Handbook provided annually.

EMERGENCY REMOVAL, SUSPENSION AND EXPULSION OF STUDENTS

Reference: MCL 380.1309; MCL 380.1312(8)&(9); MCL 37.1402; 20 USC §§ 5812, 5964, 5965, 7114, 7115, 7151; 42 USC § 290hh; State Board of Education, Resolution to Address School Discipline Issues Impacting Student Outcomes, Adopted June 12, 2012 [Note: MCL 380.1311a was held to be unconstitutionally overbroad in *Smith ex rel. Smith v Mount Pleasant Public Academy*, 285 F Supp 2d 987 (ED Mich, 2003).]

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to Academy rules as well as general provisions of law. Respect for the rights of others, consideration of their privileges, and cooperative citizenship also shall be expected of all members of the Academy community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty should be maintained in the Academy.

The Educational Service Provider, shall establish Administrative Procedures to carry out Board policy and philosophy, and shall hold all school personnel, students, and parents responsible for the conduct of students at the school, on school provided transportation, and at school-related events.

This Policy shall be included in the code of student conduct, which shall be reviewed periodically. This Policy shall comply with all applicable law. Any conflict between this Policy and applicable law shall be resolved in favor of applicable law.

The Board acknowledges that conduct is closely related to learning and that an effective instructional program requires an orderly school environment which is, in part, reflected in the behavior of students.

The Board requires each student of this Academy to adhere to the Code of Conduct established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Such rules shall require that students:

- A. Conform to reasonable standards of socially-acceptable behavior;
- B. Respect the person and property of others;
- C. Preserve the degree of order necessary to the educational program in which they are engaged;
- D. Respect the rights of others;
- E. Obey authority and respond to those who hold authority.

The School Leader shall develop procedures for student conduct that carry out the purposes of this policy and respect the individual rights constitutionally guaranteed to students.

Academy administration shall designate sanctions, excluding corporal punishment, for the infraction of rules which shall:

- A. Relate in kind and degree to the infraction;
- B. Help the student learn to take responsibility for his/her actions;
- C. Be directed, where possible, to reduce the effects of any harm which may have been caused by the student's misconduct.

A student may be removed from the classroom, suspended or expelled for persistent disobedience or gross misconduct. A student may not be expelled or excluded from the regular school program based on pregnancy status.

The Board recognizes exclusion from the educational programs of the Academy, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and is one that cannot be imposed without due process, since exclusion deprives a child of the right to an education. The Board also recognizes that it may be necessary for a teacher to remove a student from class for conduct disruptive to the learning environment, and that such removals are not subject to a prior hearing, provided the removal is for a period of less than twenty-four (24) hours. However, if an emergency removal may result in a suspension, then due process must be ensured.

For purposes of this policy, suspension shall be either short-term (not more than ten (10) days) or long-term (for more than ten (10) days but less than permanent expulsion) removal of a student from a regular Academy program. The School Leader may suspend a student for a period not to exceed 10 school days.

For purposes of this policy, unless otherwise defined in Federal and/or State law, expulsion is defined as the permanent exclusion of a student from the Academy. Students who are expelled may petition for reinstatement as provided below.

The School Leader may act as the hearing officer. The Board may suspend a student for a period longer than ten (10) days or expel a student. An appeal may be made to the Board if there is a claimed violation of substantive or procedural due process rights.

No student, otherwise eligible for attendance, shall be excluded from an Academy program, unless that student has substantially interfered with the maintenance of good order or unless it is necessary to protect that student's or other students' physical or emotional safety and well-being.

A student may be removed from a class, subject, or activity for one (1) day by his/her teacher for certain conduct as specified in the Code of Conduct, or he/she may be given a short-term suspension by the School Leader. A student so removed may be allowed to attend other classes taught by other teachers during the term of the one (1) day removal. A student removed from the same class for ten (10) days will receive a due process hearing for each suspension beyond ten (10) days, consistent with required due process for long-term suspensions. The Board designates the School Leader as its representative at any hearings regarding the appeal of a suspension.

The Board may either suspend a student for a period longer than ten (10) days or expel him/her.

In all cases resulting in short-term suspension, long-term suspension, or expulsion, appropriate due process rights must be observed.

The Educational Service Provider, shall develop procedures to implement this policy that shall include the following:

- A. Strategies for providing special assistance to students in danger of being expelled and not achieving the academic outcomes of the Academy's core curriculum;
- B. Standards of behavior for all students in accordance with Academy Board policy on student discipline;
- C. Procedures that ensure due process; and
- D. Provision for make-up work at home, when appropriate.

PERMANENT EXPULSION

The Board will not tolerate behavior that creates an unsafe environment, a threat to safety, or undue disruption of the educational environment.

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with their rights under federal law.

Physical and Verbal Assault

The Board shall permanently expel a student in grade six or above if that student commits physical assault at the Academy against a staff member, a volunteer, or a contractor.

The Board shall suspend or expel a student in grade six or above for up to one hundred eighty (180) school days if the student commits physical assault at the Academy against another student.

Physical assault is defined as "intentionally causing or attempting to cause physical harm to another through force or violence."

The Board shall suspend or expel a student in grade six or above and may discipline, suspend or expel at student in grade five and below for a period of time as determined at the Board's discretion if the student commits verbal assault at school against a Academy employee, volunteer, or contractor or makes a bomb threat or similar threat directed at school building, property, or at a school-related activity.

Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

"At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises.

DUE PROCESS RIGHTS

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following:

Students subject to short-term suspension:

Except when emergency removal is warranted, a student must be given oral or written notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the School Leader whose decision will be final.

Students subject to long-term suspension and expulsion:

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and must also be given an opportunity to appear before the Board with a representative to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student/parent's request, the hearing shall be held in closed session, but the Board must act publicly. The Board shall act by providing a written decision on any appeal of an expulsion, a request for reinstatement, or a request for admission after permanent expulsion from another school.

The School Leader shall develop procedures to ensure all members of the staff use the above guidelines when dealing with students. In addition, this statement of due process rights shall be placed in all student handbooks, in a manner that facilitates understanding by students and their parents.

CORPORAL PUNISHMENT

While recognizing that students may require disciplinary action in various forms, the Board does not condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Staff shall not use physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or Academy through suspension or expulsion procedures.

Within the scope of their employment, all staff may use reasonable force and apply restraint to accomplish the following:

- A. restrain or remove a student who refuses to comply with a request to behave or report to the office;
- B. quell a disturbance threatening physical injury to self or others;
- C. obtain possession of weapons or other dangerous objects within the control of the student, for either self-defense; or
- D. the protection of persons or property.

In accordance with State law, corporal punishment shall not be permitted. If any staff member (full-time, part-time, or substitute) deliberately inflicts, or causes to be inflicted, physical pain upon

the student (by hitting, paddling, spanking, slapping or any other kind of physical force) as a means of discipline, the staff member may be subject to discipline and possibly criminal assault charges. This prohibition also applies to volunteers and those with whom the Academy contracts for services.

The School Leader shall provide guidelines, including a list of alternatives to corporal punishment.

REMOVAL, SUSPENSION AND EXPULSION OF STUDENTS WITH DISABILITIES

The Academy shall abide by federal and state laws in matters relating to discipline, suspension, and expulsion of disabled students.

STUDENT SECLUSION AND RESTRAINT

Reference: MDE Standards for the Emergency Use of Seclusion and Restraint (2006)

Professional staff members may need to restrain and seclude students under certain emergency circumstances. This must be done only as a last resort if students pose a threat to themselves or others.

All such intervention shall only be done in accordance with procedures developed by the Educational Service Provider, which shall be based on the Standards adopted by the State Board of Education regarding the use of student restraint and seclusion.

Training will be provided to all professional staff and to substitute teachers, as well as the support staff determined appropriate by the Educational Service Provider. Training will be in accordance with the State's Standards.

P.A. 22 of 2009

The Academy's policy is to use investments to maximize the returns on the Academy's excess cash balances, while reasonably controlling the risk of loss and maintaining an acceptable level of liquidity in those investments to meet the Academy's operating needs.

To this end, the Academy will track, through its financial reports and investment authorizations, the credit risk, concentration of credit risk, interest rate risk and foreign currency risks related to its investments.

The Board of Directors authorizes the Board Treasurer and his/her designee to make investments of available monies from the several funds of the Academy in:

- A. bonds, bills, or notes of the United States; obligations, the principal and interest of which are fully guaranteed by the United States; or obligations of the State;
- B. certificates of deposit issued by a state or nationally-chartered bank or a state or Federally-chartered savings and loan association, savings bank, or credit union whose deposits are insured by an agency of the United States government and which maintains a principal office or branch office in Michigan under Michigan and Federal laws;

 - 3. the financial institution acting as custodian for the Academy is insured by an agency of the United States
 - 4. the financial institution acts as custodian for the Academy with respect to each certificate of deposit
 - 5. at the same time that the funds are deposited and the certificate or certificates of deposit are issued, the financial institution receives an amount of deposits from customers of other insured depository institutions equal to or greater than the amount of the funds initially invested by the Academy through the financial institution
- D. commercial paper rated prime 1 or prime 2 at the time of purchase and maturing not more than 270 days after the date of purchase;

- E. securities issued or guaranteed by agencies or instrumentalities of the United States government;
- F. United States government or Federal agency obligation repurchase agreements;
- G. bankers' acceptances issued by a bank that is a member of the Federal deposit insurance corporation;
- H. mutual funds composed entirely of investment vehicles that are legal for direct investment by a Academy;
- I. investment pools, as authorized by the surplus funds investment pool act, Act. No. 367 of the Public Acts of 1982, being sections 129.11 to 129.118 of the Michigan Compiled Laws, composed entirely of instruments that are legal for direct investment by a Academy.

When there is a possibility that interest changes could adversely affect the fair value of a Academy's investment, as determined under the Generally Accepted Accounting Principles (GAAP) standards, the following method(s) will be used to assess and control such risks:

- A. weighted average maturity

These methods shall be implemented as defined by the Government Accountability Standards Board. The Board may apply different methods to different investments.

Investments in securities shall be with authorized investment institutions and dealers that must establish eligibility by meeting all of the following requirements.

An obligation purchased in accordance with Section 380.1223(2), when received by the Board Treasurer and his/her designee, shall be deposited with the bank or trust company having the deposit of the money of the particular fund from which the obligation was purchased.

Money in the several funds of the Academy shall not be commingled for the purpose of making an investment authorized by Section 380.1223. The Board, however, may establish and maintain one common debt retirement fund for bond issues of like character.

Earnings on an investment shall become a part of the fund from which the investment was made.

The Board may adopt a resolution at its annual organizational meeting, authorizing electronic fund transfers and the Treasurer or the Electronic Transfer Officer (ETO) as authorized agent(s) to complete such transactions on behalf of the Board. The Automatic Clearing House (ACH) authorizing resolution shall include all of the following:

PURCHASING

Source: MCL 380.1267, 380.1274 et seq.

Each year the State of Michigan informs the School of the legal amount for purchases which require a formal bidding process of a single item.

It is the policy of the Board that the Educational Service Provider adhere to the following:

- A. Seek informal price quotations on purchases in excess of \$ 15,000.
- B. When the purchase of, and contract for, single items of supplies, materials, or equipment is less than the amount allowed by State statute, but exceeds \$15,000 the Educational Service Provider shall whenever possible, have at least three (3) competitive bids.

Purchases in a single transaction that are in excess of the dollar amount permitted by State statute shall require competitive bids and, whenever possible, have at least three (3) such bids for substantiation of purchase and shall require approval of the Board prior to purchase.

Competitive bids are not required for items purchased through the cooperative bulk purchasing program operated by the Michigan Department of Management and Budget pursuant to M.C.L.A. 18.1263.

Bids shall be sealed and shall be opened by the School Leader in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder; however, consideration can be given to:

- A. past performance of vendor.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under M.C.L.A. 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

- A. have filed a Michigan business tax return showing an allocation of income tax base to Michigan
- B. have filed a Michigan income tax return showing income generated in or attributed to Michigan
- C. withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Michigan Department of Treasury

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

The Board reserves the right to reject any and all bids.

The Educational Service Provider is authorized to purchase all items within budget allocations.

In order to promote efficiency and economy in the operation of the school, the Board requires that the Educational Service Provider periodically estimate requirements for standard items or classes of items and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Whenever storage facilities or other conditions make it impractical to receive total delivery at any one time, the total quantity to be shipped but with staggered delivery dates, shall be made a part of the bid specifications.

Before placing a purchase order, the Educational Service Provider shall check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the budget, and whether the material might be available elsewhere in the school. All purchase orders shall be numbered consecutively.

In the interests of economy, fairness, and efficiency in its business dealings, the Board requires that:

- A. opportunity be provided to as many responsible suppliers as possible to do business with the Academy;
- B. a prompt and courteous reception, insofar as conditions permit, be given to all who call on legitimate business matters;
- C. where the requisitioner has recommended a supplier, the Educational Service Provider may make alternate suggestions to the requisitioner if, in his/her judgment, better service, delivery, economy, or utility can be achieved by changing the proposed order;
- D. upon the placement of a purchase order, the Educational Service Provider shall commit the expenditure against a specific line item to guard against the creation of liabilities in excess of appropriations.

The Board may acquire office equipment as defined in law by lease, by installment payments, by entering into lease-purchase agreements, or by lease with an option to purchase, provided the contract sets forth the terms of such a purchase.

Procurement – Federal Grants

The Educational Service Provider shall maintain a procurement and contract administration system in accordance with the USDOE requirements (34 CFR 80.36) for the administration and management of Federal grants and federally-funded programs. The Academy shall maintain a compliance system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of this policy and administrative guidelines (AG 6320).

[NOTE: The intent of the purchasing policy is to establish several levels at which purchasing can occur and to determine at what level Board involvement is required, when it is necessary to get a simple "quote" and when the "competitive bid" procedure required.]

CONFLICT OF INTEREST - LEGAL COUNSEL, ADVISORS, OR CONSULTANTS

Reference: M.C.L. 380.1203

A person serving as the legal counsel to the Academy or otherwise acting as an advisor or consultant to the Board of Directors, who believes or has reason to believe that the s/he has a conflict of interest with regard to a contract or other financial transaction that requires the approval of the Board shall disclose the conflict of interest to the Board before the vote on the contract or other financial transaction.

Such a person is presumed to have conflict of interest if the person or his/her family member has financial interest, or a competing financial interest in the contract or other financial transaction under consideration by the Board.

"Family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's spouse; or a person's parent or parent's spouse; and includes these relationships as created by adoption or marriage.

Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

Michigan OAG 7187 (2006)
Michigan Education Ass'n v. Sec. of State. (on rehearing) 489 Mich.194 (2011)

The Board of Directors authorizes, in accordance with the provisions of law or upon proper authorization on the appropriate form that deductions be made from an employee's paycheck for the following purposes:

- A. Federal and State income tax;
- B. Social Security;
- C. Municipal income tax;
- D. Public School Employees Retirement System;
- E. Michigan Public School Employment Retirement System (MPERS) Tax Deferred Payment (TDP) plan; or
- F. Direct deposit in a chartered credit union and/or bank.

Deductions are not allowed for dues or service fees for a labor organization or for contributions to political action committees. [Note: The prohibition on deduction of union dues or services fees is effective as of March 16, 2012, unless a collective bargaining agreement was in effect as of that date, then it becomes effective with the date of expiration, renewal or extension of that bargaining agreement.]

To the extent permitted by law and in accordance with procedures set forth below, the Board declares its willingness to enter into an agreement with any of its employees whereby the employee agrees to take a reduction in salary with respect to amounts earned after the effective date of such agreement in return for the Board's agreement to use a corresponding amount to purchase an annuity for such employee (or group of employees desiring the same annuity company) from any company authorized to transact the business as specified in law in accordance with Section 403(b) of the Internal Revenue Code, and in accordance with the Academy's Administrative Procedures. However, it shall be clearly understood that the Board's only function shall be the deduction and remittance of employee funds.

In any case where the employee designates the agent, broker or company through whom the Board shall arrange for the placement or purchase of the tax-sheltered annuity, the agent, broker or company must execute a reasonable service agreement, an information sharing agreement, and/or other similar agreements as determined at the discretion of the Academy. The service agreement shall include a provision that protects, indemnifies, and holds the Academy harmless from any liability attendant to procuring the annuity in accordance with provisions of the Internal Revenue Code and other applicable Federal or State law.

The Board, by providing employees with payroll deduction services for annuities, is not providing any financial advice to employees, and is not vouching for the suitability of any investment or any annuity provider. The Academy assumes no responsibility or liability for any investment decisions or losses with respect to employee annuity purchases.

Said agreement shall comply with all of the provisions of law and may be terminated as said law provides upon notice in writing by either party. Employees shall notify the School Leader's office in writing if they wish to participate in such a program.

The Educational Service Provider shall be responsible for all payroll functions.

TRAVEL PAYMENT & REIMBURSEMENT

Travel expenses incurred by Directors for official business travel on behalf of the Academy shall be limited to those expenses necessarily incurred in the performance of a public purpose related to the Academy authorized, in advance.

Payment and reimbursement rates for per diem meals, lodging, and mileage shall be approved by the Board annually. The Board shall establish mileage rates not exceeding the Federal IRS prescribed mileage rate.

Directors are expected to exercise the same care incurring travel expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Unauthorized costs and additional expenses incurred for personal preference or convenience will not be reimbursed.

Unauthorized expenses include but are not limited to alcohol, movies, fines for traffic violations, and the entertainment/meals/lodging of spouses or guests.

All travel shall comply with the travel procedures and rates established in the administrative guidelines.

Non-exempt employees are hourly employees or salaried employees who do not qualify for a professional, administrative, computer, or executive exemption under the FLSA. Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction and the way they approach student learning to incorporate the vast, diverse, and unique resources available through the Internet.

This document describes the policies and guidelines for the use of Insight School of Michigan's instructional computing resources to ensure that all users of the Academy's instructional computing resources are aware of and understand their responsibilities when accessing and using these resources. Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third-party vendor, management company, or similar contracting entity, to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").¹ Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

- A. the record check has been requested;
- B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
- C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another district, public school academy or non-public school in the State, the School Leader may use a report received from the

¹ Individuals who act on behalf of the Academy, work on a regular or continuous basis in the Academy, are involved in the hiring process of Academy employees, and have successfully undergone a fingerprint-based criminal history record check by the Academy, may continue to submit and receive such criminal history record checks on behalf of the Academy, regardless of their status as employees, contractors, vendors or similar classification.

State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

Individuals working in multiple schools may authorize the release of a prior criminal history records check with another school in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay-off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the Academy from another proper source will be maintained in the individual's personnel record.

When the Academy receives a report that shows an individual has been convicted of a listed offense under state statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days or receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the School Leader shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Academy, a set of fingerprints, prepared by an entity approved by the Michigan State Police, upon receiving an offer of employment, or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those not directly involved in evaluating the applicant's qualifications. Records involving misdemeanor convictions for sexual or physical abuse or any felony are not subject to these restrictions. Violation of confidentiality is considered a misdemeanor punishable by a fine up to \$10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

In order to provide appropriate educational services and programming, the Board of Directors must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard student's privacy and restrict access to student's personally identifiable information.

Student "personally identifiable information" ("PII") includes, but is not limited to: the student's name; the name of the student's parent or other family members; the address of the student or student's family; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the Academy reasonably believes knows the identity of the student to whom the education record relates.

The Board hereby authorizes collection of the following student records, in addition to the membership record required by law:

- A. observations and ratings of individual students by professional staff members acting within their sphere of competency
- B. samples of student work
- C. information obtained from professionally acceptable standard instruments of measurement such as:

 - 6. psychological tests
 - 7. attendance records

8. health records
9. custodial arrangements

In all cases, permitted, narrative information in student records shall be objectively-based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, and designated Academy officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term "parents" includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term "eligible student" refers to a student who is eighteen (18) years of age or older or a student of any age who is enrolled in a postsecondary institution.

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student's educational records unless stipulated otherwise by court order. In the case of eligible students parents will be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

An Academy official is a person employed by the Educational Service Provider as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); and a person serving on the Board;. The Board further designates the following individuals and entities as "school officials" for the purpose of FERPA:

- A. persons or companies with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, or medical consultant);
- B. contractors, consultants, volunteers or other parties to whom the Board has outsourced a service or function otherwise performed by the Board employees (e.g. a therapist, authorized information technology (IT) staff, and approved online Educational Service Providers).

The above-identified outside parties must (a) perform institutional services or functions for which the Board would otherwise use its employees, (b) be under the direct control of the Board with respect to the use and maintenance of education records, and (c) be subject to the requirements of 34 CFR 99.33(a) governing the use and re-disclosure of PII from education records.

Finally, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers) is also considered an "Academy official" for purposes of FERPA provided s/he meets the above-referenced criteria applicable to other outside parties.

"Legitimate educational interest" shall be defined as a "direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the Academy" or if the record is necessary in order for the Academy official to perform an administrative, supervisory or instructional task or to perform a service or benefit for the student or the student's family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make

certain that Academy officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

- A. forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this Academy seeks or intends to enroll upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;
- B. provide "personally-identifiable" information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;
- C. report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student's special education records and disciplinary records including any suspension and expulsion action against the student to the authorities and Academy officials for their consideration;
- D. release de-identified records and information in accordance with Federal regulations;
- E. disclose personally identifiable information from education records, without consent, to organizations conducting studies "for, or on behalf of" the Academy for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instruction;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the Academy will enter into a written agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.) Further, the following personally identifiable information will not be disclosed to any entity: a student or his/her family member's social security number(s); religion; political party affiliation; voting history; or biometric information.

While the disclosure of personally identifiable information (other than social security numbers, religion, political party affiliation, voting record, or biometric information) is allowed under this exception, it is recommended that de-identifiable information be used whenever possible. This reduces the risk of unauthorized disclosure.

- F. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or

state supported education program, or to enforce or comply with Federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See Form 8330 F16)

- G. request each person or party requesting access to a student's record to abide by the Federal regulations concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of those persons to whom information about a student has been disclosed. Such disclosure records will indicate the student, person viewing the record, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (if required).

Only "directory information" regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is an eligible student, the written consent of the student, except those persons or parties stipulated by the Board policy and Administrative Procedures and/or those specified in the law.

The Board shall exempt from disclosure directory information, as requested for the purpose of surveys, marketing, or solicitation, unless the Board determines that the use is consistent with the educational mission of the Board and beneficial to the affected students. The Board may take steps to ensure that directory information disclosed shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitations. Before disclosing the directory information, the Board may require the requester to execute an affidavit stating that directory information provided shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

DIRECTORY INFORMATION

The Educational Service Provider shall provide public notice to students and their parents of the Academy's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information":

- a student's name;
- address;
- telephone number;
- date and place of birth;
- major field of study;
- dates of attendance;

- date of graduation;
- awards received;
- honor rolls;
- scholarships;
- telephone numbers for inclusion in school or PTO directories;
- school photographs or videos of students participating in school activities, events or programs.

The Academy designates Academy-assigned email accounts as “directory information” for the limited purpose of facilitating students’ registration for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational. Academy-assigned email accounts shall not be released as directory information beyond this/these limited purpose(s) and to any person or entity but the specific online Educational Service Provider and internal users of the Academy’s Education Technology.

Parents and eligible students may refuse to allow the Academy to disclose any or all of such "directory information" upon written notification to the Academy within 10 days after receipt of the Academy's public notice.

Armed Forces Recruiting

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. “Armed forces of the United States” means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the Board that indicates that the student or the parent or legal guardian does not want the student’s directory information to be accessible to official recruiting representatives, then the officials of the school shall not allow that access to the student’s directory information. The Board shall ensure that students and parents and guardians are notified of the provisions of the opportunity to deny release of directory information.

Public notice shall be given regarding the right to refuse disclosure of any or all “directory information” including to the armed forces of the United States and the service academies of the armed forces of the United States.

A fee, not to exceed the actual costs incurred by the high school, for copying and mailing student directory information under this section, may be charged an official recruiting representative.

Directory information received under armed services authorization request shall be used only to provide information to students concerning educational and career opportunities available in the armed forces of the United States or the service academies of the armed forces of the United States. An official recruiting representative who receives student directory information under this

section shall not release that information to a person who is not involved in recruiting students for the armed forces of the United States or the service academies of the armed forces of the United States.

Annually the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.

Requests to the Academy Records Officer shall be presented on a standardized form developed by the armed forces of the United States requesting access to a high school campus and a time for the access. Requests should bear the signature of the ranking recruiting officer of the armed service making the request.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student's education records or for the release of "directory information", either parent may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the School Leader shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information" on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

Collection

The Board shall not permit the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

The Board may establish online access for the parents or the eligible student to the student's confidential academic and attendance record. To authorize such access, the parents or the eligible student must sign a release. This release shall remind the parents or eligible student that the account and confidential information about the student is only as secure as they keep their account information. Neither the Educational Service Provider nor its employees will be held responsible for any breach of this policy by the parent/eligible student or any unauthorized party.

The Educational Service Provider shall prepare Administrative Procedures to ensure that students and parents are adequately informed each year regarding their rights to:

- A. inspect and review the student's education records;
- B. request amendments if the record is inaccurate, misleading, or otherwise in violation of the student's rights;
- C. consent to disclosures of personally identifiable information contained in the student's education records except to unauthorized disclosures allowed by the law;
- D. challenge the Board's noncompliance with a parent's request to amend the records through a hearing;
- E. file a complaint with the United States Department of Education;

- F. obtain a copy of the Board's policy and Administrative Procedures on student records.

The Board authorizes the use of the microfilm process or electromagnetic processes of reproduction for the recording, filing, maintaining, and preserving of records.

No liability shall attach to any member, officer, or Educational Service Provider employees of this Academy specifically as a consequence of permitting access or furnishing student records in accordance with this policy and regulations.

Any entity receiving personally identifiable information pursuant to a study, audit, evaluation, or enforcement/compliance activity must comply with all FERPA regulations. Further, such an entity must enter into a written contract with the Board of Directors delineating its responsibilities in safeguarding the disclosed information. Specifically, the entity must demonstrate the existence of a sound data security plan or data stewardship program and must also provide assurances that the personally identifiable information will not be re-disclosed without prior authorization from the Board. Further, the entity conducting the study, audit, evaluation, or enforcement/compliance activity is required to destroy the disclosed information once it is no longer needed or when the timeframe for the activity has ended, as specified in its written agreement with the Board of Directors.

ANIMALS ON ACADEMY PROPERTY

Reference: 28 C.F.R. 35.104
Section 504 of the Rehabilitation Act of 1973, as amended (Section 504)
The Americans with Disabilities Act, as amended (ADA)
The Individuals with Disabilities Education Improvement Act (IDEIA)

The Board of Directors recognizes that there are many occasions when animals are present on Academy property and many reasons for those animals' presence. Animals are commonly utilized by teachers during classroom presentations and are often housed in classrooms and other locations on campus. Additionally, employees, students, parents, vendors, and other members of the public may be accompanied at the Academy by a service or therapy animal in accordance with Federal and State law and this policy.

This policy applies to all animals on Academy property, including service animals.

Definitions

- A. "Animal": includes every vertebrate other than a human.
- B. "Service animal": pursuant to 28 C.F.R. Section 35.104, "means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition."

The Americans with Disabilities Act (ADA) also defines a miniature horse as an animal that can serve as a service animal, so long as the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability. To better determine whether the Board must allow for the use of a miniature horse or make modifications to buildings, the Board should refer to Section 35.136 (c) through (i) of the ADA.

Vaccination, Licensing and/or Veterinary Requirements

Animals, including service animals, housed on or brought on to Academy property on a regular basis must meet every veterinary requirement set forth in State law and County regulation/ordinance, including but not limited to rabies vaccination or other inoculations required to be properly licensed.

Animals in the Academy and Elsewhere on Academy Property

Animals permitted in the Academy and elsewhere on Academy property shall be limited to those necessary to support specific curriculum-related projects and activities, those that provide assistance to a student or staff member who has a seizure disorder, those that provide a reasonable accommodation to a student in accordance with a Section 504 Plan, or those that serve as service animals as required by Federal and State law.

Taking into consideration that some animals can cause or exacerbate allergic reactions, spread bacterial infections, or cause damage and create a hazard if they escape from confinement, the Educational Service Provider may permit animals to be present in classrooms to support curriculum-related projects and activities only under the following conditions:

- A. the staff member seeking approval to have an animal in his/her classroom shall:
 - 1. provide a current satisfactory health certificate or report of examination from a veterinarian for the animal;
 - 2. take precautions deemed necessary to protect the health and safety of students and other staff;
 - 3. ensure that the animal is treated humanely, keeping it in a healthy condition and in appropriate housing (e.g., a cage or tank) that is properly cleaned and maintained; and,
 - 4. keep the surrounding areas in a clean and sanitary condition at all times;
- B. other staff members and parents of students in areas potentially affected by animals have been notified in writing and adjustments have been made to accommodate verified health-related or other concerns.

Except where required by law, the presence of an animal shall be disallowed if documented health concerns of a student or staff member cannot be accommodated.

Service Animals for Students

The student's need for and use of the service animal must be documented in the student's individual education plan (IEP) or Section 504 Plan.

A service animal is the personal property of the student and/or parents. The Board does not assume responsibility for training, daily care, or healthcare or supervision of service animals. The Board does not assume responsibility for personal injury or property damage arising out of or relating to the presence or use of service animals on Academy property or at Academy-sponsored events.

A service animal that meets the definition set forth in the ADA and this policy shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the

handler's control (e.g., voice control, signals, or other effective means), or under the control of a handler other than the student.

Required Documentation

The following documentation is required prior to a service animal being allowed at the Academy or other Board property:

- A. current IEP or Section 504 Plan that includes a provision regarding the use of a service animal;
- B. current satisfactory health certificate or report of examination from a veterinarian for the service animal as required by this policy for all animals that are regularly present on Academy property; and
- C. criminal background check for the handler, if the handler is not the student, in the same manner as required of vendors, individuals, or other entities under contract with the Board.

The Educational Service Provider is responsible for determining whether the required documentation has been provided for the student's service animal. When the required documentation has been provided, the service animal will be permitted to accompany the student with a disability anywhere on the Academy campus where students are permitted to be.

Removing and/or Excluding a Student's Service Animal

In instances when a service animal has demonstrated that it is not under the control of the student or its handler, the Educational Service Provider is also responsible for documenting such behavior and for determining if and when the service animal is to be removed and/or excluded from Academy property.

In instances when the service animal has demonstrated that it is not sufficiently housebroken, the Educational Service Provider shall document such behavior and determine whether the service animal is to be removed and/or excluded from Academy property.

The Educational Service Provider shall be notified when a service animal is removed and/or excluded, and, immediately subsequent to such notification, document the reasons for the removal and/or exclusion.

The Educational Service Provider decision to remove and/or exclude a service animal from Academy property may be appealed in accordance with the complaint procedure set forth in AG 2260.01B - Section 504/ADA - Complaint and Due Process Procedures.

The procedures set forth in AG 2260B – Complaint Procedures for Nondiscrimination and Equal Educational Opportunity/Access are not intended to interfere with the rights of a student and his/her parents or an eligible student to pursue a complaint with the United States Department of Education's Office for Civil Rights.

Eligibility of a Student's Service Animal for Transportation

In some cases, as identified on the student's IEP or Section 504 Plan, there may be a need for a student with a disability and his/her accompanying service dog to access Academy transportation. There may also be a need for the service animal's handler, if the handler is someone other than the student, to also access Academy transportation.

Before a service animal is permitted to ride on a school bus or other Board-owned or leased vehicle, the student and his/her parents, or eligible student, and the handler, if s/he is someone other than the student, shall comply with the following:

- A. The Educational Service Provider shall meet with the student and his/her parents, or eligible student, and the handler, if s/he is someone other than the student, and the driver and bus assistant, if any. The student and his/her parents, or eligible student, and the handler, if s/he is someone other than the student, is responsible for providing information to the driver and bus assistant, if any, regarding critical commands needed for daily interaction and emergency/evacuation.
- B. The Educational Service Provider shall make arrangements for the student and his/her parents, or eligible student, and the handler, if s/he is someone other than the student, to provide an orientation for students who will be riding the bus/vehicle with the service animal regarding the animal's functions and how students should interact with the animal.
- C. The service animal must participate in bus evacuation drills with the student.

The service animal shall board the bus by the steps with the student, not a lift, unless the student uses the lift to enter and exit the bus.

While the bus/vehicle is in motion, the service animal shall remain positioned on the floor, at the student's feet. A representative of the Transportation Office will meet with the student and his/her parents, or eligible student, and the handler, if s/he is someone other than the student, to determine whether the service animal should be secured on the bus/vehicle with a tether or harness.

Situations that would cause cessation of transportation privileges for the service animal include:

- A. the student, or handler, is unable to control the service animal's behavior, which poses a threat to the health or safety of others; or
- B. the service animal urinates or defecates on the bus.

The student and his/her parents shall be informed of behaviors that could result in cessation of transportation privileges for the service animal, in writing, prior to the first day of transportation.

If it is necessary to suspend transportation privileges for the service animal for any of the above reasons, the decision may be appealed to the Educational Service Provider.

Although transportation may be suspended for the service animal, it remains the Academy's responsibility to transport the student. Furthermore, unless the behavior that resulted in the

service animal's removal from the bus is also documented during the school day, the service animal may still accompany the student in school.

Service Animals for Employees

In accordance with Policy 1623, Policy 3123, and Policy 4123 - Section 504/ADA Prohibition Against Disability Discrimination in Employment, the Board provides qualified individuals with disabilities with accommodation(s). An employee with a disability may request authorization to use a service animal while on duty as such an accommodation. As required of all animals under this policy, an employee with a disability who utilizes a service animal as an accommodation must provide a current satisfactory health certificate or report of examination from a veterinarian for the animal.

Service Animals for Parents, Vendors, Visitors, and Others

Individuals with disabilities who are accompanied by their service animals are permitted access to all areas of the Academy's facilities where members of the public, as participants in services, programs or activities, as vendors, or as invitees, are permitted to go. Individuals who will access any area of the Academy's facilities with their service animals should notify the Educational Service Provider that their service animal will accompany them during their visit.

As required of all animals under this policy, an individual with a disability who has a service animal will be required to provide a current satisfactory health certificate or report of examination from a veterinarian for the animal if they will visit an area of the Academy's facilities on a regular basis.

An individual with a disability who attends an Academy event will be permitted to be accompanied by his/her service animal in accordance with Policy 9160 - Public Attendance at Academy Events. If the individual with a disability will attend a regularly scheduled series of events with his/her service animal, the individual with disabilities will be required to provide a current satisfactory health certificate or report of examination from a veterinarian for the animal, which is required for all animals by this policy.

ACADEMY SAFETY INFORMATION

Reference: Title IX, Section 9532 of the No Child Left Behind Act of 2001
MCL 380.1308 and 380.1310a, 771.2a

The Board of Directors is committed to maintaining a safe school environment. The Board believes crime and violence at the Academy are potential, multifaceted problems that need to be addressed by utilizing the best resources and coordinated efforts of Academy personnel, law enforcement agencies, and families. The Board further believes the Academy and local law enforcement officials must work together to provide for the safety and welfare of students while at the school, at a school-sponsored activity or while en route to or from the school or a school sponsored activity. The Board also believes the first step in addressing school crime and violence is to assess the extent and nature of the problem(s), then plan and implement strategies that promote safety and minimize the likelihood of crime and violence at the Academy.

Michigan law establishes a "Student Safety Zone" that extends 1,000 feet from the boundary of any school property in relation to weapons, drugs and registered sex offenders. Individuals are prohibited from engaging in these activities at any time on school property, within the Student Safety Zone, or at any school-related event.

The Academy will work with local officials in arranging signage defining the 1,000 foot boundary.

The Educational Service Provider, shall hold a meeting for the purpose of reviewing the provisions of the School Safety Information Policy Agreement and making modifications deemed necessary and proper by the participants in the meeting. The agenda will also include discussion of additional training needed and any other such related matters. Participants in this meeting shall include the School Leader, members of the Board of Directors, the County Prosecutor or his/her designee, and representatives from the local law enforcement agency. Others may also be invited to participate in the meeting.

The Educational Service Provider, shall make a report to the Board about this annual review and recommend the approval and adoption of any proposed revisions or additions.

Academy Contact Person

Furthermore, in accordance with state law, the Board hereby designates the School Leader as the Academy contact person who shall receive information from law enforcement officials, prosecutors and the court officials, and in turn, notify the staff members who need to know the information within twenty-four (24) hours of its receipt.

The School Leader shall notify the appropriate law enforcement officials when an eligible student commits any offense listed as a reportable incident in the *School Safety Information Policy Agreement*. Reporting such information is subject to Section 444 of subpart 4 of part C of the General Education Provisions Act, Title IV of Public Law 90-247, 20 USC 1232g, commonly referred to as the Family Educational Rights and Privacy Act of 1974.

If a student is involved in an incident reported to law enforcement officials, pursuant to the *School Safety Information Policy Agreement*, then, upon request by Academy officials, the student's parent or legal guardian shall execute any waivers or consents necessary to allow Academy officials access to Academy, court, or other pertinent records of the student concerning the incident and action taken as a result of the incident.

Required Reporting

The Educational Service Provider, shall submit a report at least annually to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the number of students expelled from the Academy during the preceding school year and the reason for the expulsion.

The Educational Service Provider, shall also submit a report, at least annually, to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the incidents of crime occurring at the Academy. At least once annually, a copy of the most recent report of incidents of crime shall be made available to the parent or legal guardian of each student enrolled in the Academy. This report will minimally include crimes involving any of the following:

- A. physical violence;
- B. gang related acts;
- C. illegal possession of a controlled substance, controlled substance analogue or other intoxicant;
- D. trespassing;
- E. property crimes, including, but not limited to, theft and vandalism, as well as an estimate of the cost to the Academy that results from the property crime.

The School Leader shall collect weekly and keep current the information required for the report on incidents of crime, and must provide that information, within seven (7) days, upon request.

Law Enforcement Information Network (LEIN)

The Board authorizes the School Leader to request vehicle registration information for suspicious vehicles within 1,000 feet of school property through the Law Enforcement Information Network (LEIN).

Persistently Dangerous Schools

The Board recognizes the requirement of State and Federal law for the Academy to annually report to the Michigan Department of Education incidents, meeting the statutory definition of violent criminal offenses that occurred in the Academy, on school grounds, on a school conveyance, or at a school-sponsored activity. The State Department of Education will then use this data to determine if a school is considered "persistently dangerous," as defined by State policy.

Pursuant to the Board's stated intent to provide a safe school environment, Academy administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in the Academy exceed the threshold number established in State policy, the School Leader shall discuss this problem at the annual meeting, for the purpose of reviewing the School Safety Plan, so that a plan of corrective action can be developed and implemented to reduce the number of these incidents in the subsequent year.

The Educational Service Provider, shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

In the unexpected event that the number of reportable incidents in three (3) consecutive school years exceeds the statutory threshold and the Academy is identified as "persistently dangerous," students attending the Academy shall have the choice option as provided in Policy 5113.02 and AG 5113.02.

In addition, the Educational Service Provider, shall discuss at the annual meeting the Academy's designation as a "persistently dangerous" school, review the School Safety Plan, and suggest a plan of corrective action to be developed and implemented to reduce the number of these incidents in the subsequent year.

Victims of Violent Crime

Despite the diligent efforts of the Educational Service Provider, and staff to provide a safe school environment, the Board recognizes that an individual student may be a victim of a violent crime in the Academy, on school grounds, on a school conveyance, or at a school-sponsored activity. In accordance with Federal and State law, the parents of the eligible student shall have the choice options provided by Policy 5113.02 and AG 5113.02, if applicable.

FIRE SAFETY AND FIRE DEPARTMENT NOTIFICATION

Reference: Michigan R 29.1908(3); R 29.2009(3)

The Educational Service Provider, shall develop written procedures that provide for all of the following:

- A. The designation of a staff member on each shift to be responsible for notifying the local fire department in the event of a fire;
- B. The availability at all times of a non-pay telephone for designated employees to notify the local fire department;
- C. The conspicuous posting of the telephone number of the local fire department near the telephone;
- D. A requirement that notification of the fire department is incorporated into all fire drills.

ENVIRONMENTAL HEALTH AND SAFETY ISSUES

The Board of Directors recognizes its responsibility relative to student, staff, and visitor health and safety and to the need for the development of a comprehensive program designed to provide a healthy, safe, and secure environment on school property and at school-sponsored activities. To achieve this, the Board intends for the Academy to take advantage of the most current, proven technologies in the fields of health, safety, and environmental sciences.

Student, Employee, and Visitor Health and Safety

The Educational Service Provider shall develop and implement a positive, proactive environmental health and safety program that integrates responsibilities within the Academy and promotes and incorporates the following:

- A. Procedures that describe a hazard identification and abatement program requiring the following: periodic inspection of school facilities; the implementation of immediate and programmed corrective actions, when deemed necessary by such inspections; and the development of a Academy-wide hazard reporting procedure that enables employee/parent/school community participation. This program should also provide procedures for identifying and responding to hazards created by outside entities, inspecting activities of contractors, and inspecting new facilities to determine if appropriate requirements for environmental health and safety have been met.
- B. Procedures that promote environmental health and safety awareness among employees, students, parents and community. These procedures shall include, but not be limited to, the establishment of Academy safety committees and the establishment of a program of regular communication with students, employees, and parents about pertinent safety and health issues through available mediums in the Academy.
- C. Procedures that address the safety and health of students during transportation to the school, in the school, on school property, and during participation in school-related activities. These procedures shall include, but not be limited to, promoting bus safety for students; assessing the safety of school traffic patterns; operating school clinics; administering medication and medical treatment; promoting laboratory and shop safety; promoting safety in sports and other outdoor activities; inspecting playground equipment and promoting safety on playgrounds; and assessing environmental exposure.
- D. Procedures that relate to employees' health and safety issues, including, but not limited to, provision of work areas free from recognized hazards; OSHA-related programs required by Federal and State law (e.g., employee safety and health training and training in hazard recognition); and definition of employer and employee responsibilities and expectations related to health and safety.
- E. Procedures that establish a system for reporting and investigating accidents, including identification of root causes, determination of remedial and programmed corrective actions, and communication about accidents to employees, parents and members of the Academy community.

- F. Procedures that detail plans for foreseeable emergencies and fire prevention.

Phase-out/Banned Products

The Educational Service Provider shall immediately ban the use, on Board property, of any chemicals, insecticides, or other materials, which the Federal government is phasing out and/or banning by a certain date.

Indoor Environmental Quality (IEQ)

The Board recognizes that excessive moisture levels within the Academy can lead to conditions optimum for the development of biological contaminants (e.g., mold and fungi on building surfaces). The Board further recognizes the presence of these contaminants can be harmful on contact with respiratory tissue.

Contributing factors to excessive moisture levels include the following:

- A. roof leaks;
- B. structural defects in the building;
- C. improperly controlled humidity levels;
- D. faulty HVAC systems.

As preventive measures, the Academy shall do the following:

- A. address prevention of water intrusion as a priority IEQ issue and implement strategies toward its elimination;
- B. maintain environmental conditions in occupied areas in compliance with applicable regulations and strive to conform to industry standards;
- C. implement a preventative maintenance program for HVAC systems that includes, but is not be limited to, periodic filter replacement; inspection; cleaning and disinfecting processes; and procedures to eliminate the contribution to indoor air quality problems caused by this equipment;
- D. implement a system to ensure materials used (and purchased for use) in the construction, furnishing and maintenance (including cleaning), do not contribute to health hazards for employees and students by degrading the quality of indoor air. In addition, activities that create indoor air quality health hazards shall not be permitted.

In addition, the Educational Service Provider shall develop Administrative Procedures for properly monitoring factors that contribute to excessive moisture and for developing mitigation plans when, and if, problems with IEQ are identified.

Diesel Exhaust and School Bus Idling

In accordance with the Environment Protection Agency's initiative to reduce pollution caused by buses on school property, the Board will take the recommended steps to reduce the negative

effects of diesel exhaust on indoor and outdoor air quality on school campuses, including, but not limited to, reducing bus idling time and reinforcing smart driving practices.

The Educational Service Provider shall develop the Administrative Procedures necessary to establish these practices in the Academy (see AG 8615).

Pollution Control and Prevention

In an effort to comply with environmental policy and applicable regulations, the Academy shall develop and implement procedures designed to prevent air and water pollution; minimize or eliminate waste streams, where possible; and identify possible sources of air and water pollution.

INTEGRATED PEST MANAGEMENT

Reference: MCL 324.8316 [This policy applies to all pest control activities and pesticide use in the school building and related facilities including grounds. Recipients of this policy include faculty, other staff, or any employees or independent contractors monitoring or treating pest problems. Each recipient is required to follow this policy.]

Purpose

The goal of this integrated pest management policy is to provide a safe and healthy learning environment that is relatively pest-free with the least possible use of pesticides. To achieve this goal, it is the policy of the Academy to develop, implement and maintain an integrated pest management program for the control of pests and minimize pesticide exposure to children, faculty, and staff. This policy is consistent with MCL 324.8316, which encourages schools to adopt an IPM strategy.

Sanitizers, germicides, disinfectants, or antimicrobials are exempt from the IPM notification requirements. This policy adheres to the principles of IPM and is conducted in accordance with all federal and state laws and regulations and local ordinances.

Pests are controlled to protect the health and safety of students and staff, maintain a productive learning environment and maintain the integrity of the school building and grounds. IPM is a pest management system that uses all suitable techniques in a total management system to prevent pests from reaching unacceptable levels or to reduce existing pest populations to acceptable levels while balancing the risk of the pest with the potential risk of the management technique.

Development of IPM program

The Academy's IPM program written under this policy states the Academy's goals regarding the management of pests and the use of pesticides. It reflects the Academy's site-specific needs and includes the following elements as required by law:

- A. Site evaluation, including site description, inspection, and monitoring and the concept of threshold levels;
- B. Consideration of the relationship between pest biology and pest management methods;
- C. Consideration of all available pest management methods, including population reduction techniques, such as mechanical, biological, and chemical techniques and pest prevention techniques, such as habitat modification;
- D. Pest controls methods selection, including consideration of the impact on human health, especially for children, and the environment; and
- E. Continued evaluation of the integrated pest management program.

The Educational Service Provider, or designee for the Academy shall be responsible for ensuring that an IPM program is developed and is in compliance with MCL 324.8316.

Education /Training

The Academy community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPM Coordinator, school staff and pesticide applicators involved with implementation of the Academy IPM program will be trained in appropriate components of IPM as it pertains to the school environment.

Students, parents/guardians will be provided with information on this policy and instructed on how they can contribute to the success of the IPM program.

Record keeping

Records of pesticide use shall be maintained on-site to meet the requirements of the Michigan Department of Agriculture and the Board. Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The School Leader or IPM Coordinator of the Academy is responsible for timely pre- notification to students' parents or guardians and the school staff of pesticide treatments pursuant to the requirements under the Natural Resources and Environmental Protection Act, MCL 324.8316.

Re-entry

In accordance with the Natural Resources and Environmental Protection Act, Part 83, reentry to a pesticide treated area may not occur less than 4 hours after application unless the product label requires a longer reentry period. Outdoor ornamental and turf applications of liquid spray pesticides shall not be made on school grounds within 100 feet of an occupied classroom during normal school hours or when persons are using the treatment area.

Pesticide applicators

The IPM coordinator shall ensure that pesticide applicators, as well as school staff and volunteers follow state regulations, including licensing requirements, applicator certification or registration, and IPM training, label precautions, and comply with all components of the IPM Program.

Decisions of the United States Supreme Court have determined that public schools must neither advance nor inhibit religious beliefs or practices. Under the First and Fourteenth Amendments to the Constitution, this remains the inviolate province of the individual and the church of his/her choice. The rights of any minority, no matter how small, must be protected. No matter how well intended, either official or unofficial sponsorship of religiously oriented activities by the Academy are offensive to some and tend to supplant activities that should be the exclusive province of individual religious groups, churches, private organizations, and/or the family.

Staff members shall not use prayer, religious readings, or religious symbols as a devotional exercise or in an act of worship or celebration. The Academy shall not function as a disseminating agent for any person or outside agency for any religious or anti-religious document, book, or article. Observance of religious holidays through devotional exercises or acts of worship is also prohibited. However, acknowledgement, explanation, and instruction about the special holidays of various religions are encouraged. Celebration activities, involving nonreligious decorations and use of secular works, are permitted. Nonetheless, faculty members have the responsibility to ensure that such activities are strictly voluntary, do not place an atmosphere of social compulsion or ostracism on minority groups or individuals, and do not interfere with the educational program of the Academy.

The Board shall not include religious invocations, benedictions, or formal prayer at any school-sponsored event.

The Board authorizes the Educational Service Provider to establish rules and procedures governing the use of non-school audio/visual recording equipment at any Academy sponsored event or activity. Such rules are to be distributed in such a manner that members of the audience who wish to record the event are aware of the rules early enough to make proper arrangements to obtain their recordings without causing delay or disruption to an activity.

Any person or organization seeking to film students or an Academy activity which is not a public event shall obtain prior permission from the School Leader.
