

Oregon Virtual Academy Healthy and Safe Schools Plan

Introduction

In 2017, the Oregon State Legislature passed SB 1062, which requires that, every school district, education service district, and public charter school develop a Healthy and Safe Schools Plan (HASS Plan). Each organization's HASS Plan has specific requirements that must be included for the HASS Plan to comply with state law. All HASS Plans are due to the Oregon Department of Education by July 1, 2019. Additionally, each school district, education service district, and public charter school is required to certify annually that the organization continues to comply with the requirements of the HASS Plan by filing an Annual Statement. The following plan was developed to meet these requirements.

1. Responsible Person

The person responsible for administering and implementing the Healthy and Safe Schools Plan:

Name: Nicholas Sutherland
Position Title: Executive Director
Phone Number: 541-751-8060
Email Address: nsutherland@k12.com
Mailing Address: 400 Virginia Avenue, Suite 210, North Bend, OR 97459

The person who is the designated IPM Coordinator:

Name: Nicholas Sutherland
Position Title: Executive Director
Phone Number: 541-751-8060
Email Address: nsutherland@k12.com
Mailing Address: 400 Virginia Avenue, Suite 210, North Bend, OR 97459

The person responsible for AHERA information:

Name: Nicholas Sutherland
Position Title: Executive Director
Phone Number: 541-751-8060
Email Address: nsutherland@k12.com
Mailing Address: 400 Virginia Avenue, Suite 210, North Bend, OR 97459

2. List Facilities

All facilities owned or leased by Oregon Virtual Academy where students or staff are present on a regular basis are covered by this HASS Plan. The list of those buildings and facilities is below:

Facility Name	Facility Address
ORVA Office	400 Virginia Avenue, Suite 210, North Bend, OR 97459

3. Elevated Levels of Lead in Water Used for Drinking or Food Preparation

The Oregon Virtual Academy leases space in an office building. Our school does not normally host students as it is a virtual school. In order to ensure that our staff and/or any guests that visit the administrative offices have access to clean drinking water, we contract with Vend West Services, Inc. to provide bottled water. The water is 100% natural spring water and comes from Earth 2 O, an Oregon Company. Their Annual Water Quality Report can be found at: <https://earth2o.com/water-report/>

All school districts, education service districts, and public charter schools are required to test for and eliminate exposure to elevated levels of lead in water used for Drinking and Food Preparation through either remediation or eliminating access, according to OAR 333-061-0400 and OAR 581-022-2223. In conformance with those administrative rules, Oregon Virtual Academy certifies the following:

1. All testing was done according to the testing requirements in OAR 333-061-0400;
2. All samples were analyzed by a lab accredited by Oregon Health Authority to test for those materials;
3. All water fixtures required to be tested under OAR 333-061-0400 were tested for elevated levels of lead in accordance with the testing schedule developed by the Oregon Health Authority; and
4. The testing schedule for each building covered by this plan is set forth below:

Facility Name	Year of Last Test	Next Scheduled Test (Beginning of 6 year schedule)	Schedule or Exemption Reason
ORVA Office	N/A	2022 fiscal year	6 year schedule

4. Lead Paint

In order to comply with the United States Environmental Protection Agency's Renovation, Repair and Painting Program Rule, the ORVA will only contract with certified lead based paint renovation contractors licensed by the Oregon Construction Contractors Board.

5. Asbestos

ORVA complies with the federal Asbestos Hazard Emergency Response Act (AHERA). All required asbestos management plans are available for viewing by submitting a request to Nicholas Sutherland.

6. Radon

ORVA is not required to develop a radon plan under ORS 332.345 because it is located in a historic waterfront building that rests on piers over Coos Bay and does not have an enclosed crawl space or basement.

7. Integrated Pest Management

The Oregon Virtual Academy is not required to develop an integrated pest management plan as required by ORS 634.700 through ORS 634.750 due to the fact that it does not facilitate a campus.

8. Carbon Monoxide Detectors

ORVA certifies that all buildings subject to the Healthy and Safe Schools Plan comply with the carbon monoxide detection standards in the state building code that was in effect when the building was originally constructed or as required by building code due to addition, upgrade, or remodel.

9. Test Results Publication

ORVA is complying with the requirement to provide access to test results, as defined by OAR 581-022-2223 within 10 business days as defined by ORS 332.334. Test results can be found on district's website at: <https://orva.k12.com/> under Who We Are > School Health and Safety. Specific test results can be found as follows:

- Lead in Water: <https://orva.k12.com/who-we-are/school-health-and-safety.html>
- Radon: Exempt

Additionally, copies of all test results are available at 400 Virginia Avenue, Suite 210, North Bend, OR 97459. ORVA will also use current school email lists or communications programs to provide final test results to staff, students, parents of minor students, and other members of the community. This includes providing actual final test results or providing direct access to final test results through links in the communications. Please contact Nicholas Sutherland, 541-751-8060, to be added to current district email lists and programs.
