To facilitate the annual or any other review the School shall maintain the necessary records to provide the following:
- a. Annual Performance Report.²⁶ In keeping with the purpose of the Utah Charter Schools Act, the State Charter School Board will produce for public distribution an annual report that provides clear, accurate, performance data for the Charter School according to the frameworks set forth by the SCSB, and those found in Exhibit “A,” as well as reporting overall portfolio performance.

The SCSB will provide to the Governing Board clear, adequate, evidence-based, and timely notice of law, rule, regulation, or Charter Agreement violations, or performance deficiencies and allow the Governing Board reasonable time and opportunity for remediation in non-emergency situations. Where intervention is needed, the SCSB will engage in intervention strategies that preserve Governing Board autonomy and responsibility (i.e., identifying what the school must remedy without prescribing solutions), but may take additional action as the circumstances, and exigencies dictate.

²⁶ U.C.A. §53G-5-202(1)(b)

In addition, the SCSB may provide focused support to the Charter School, including assigning a mentor and on-site monitoring.
- c. Probation. The SCSB will provide notice of such probation and the terms of that probation in a letter provided to the Governing Board. In addition, the SCSB may provide focused support to the Charter School, including assigning a coach, providing professional development, and analysis of monthly written updates provided by the Charter School governing board and key administrators.

5. Purpose(s) of the charter school: The Charter School purposes consistent with U.C.A. §53G-5-104 include:
 - A. Continue to Improve Student Learning. Nationwide data presented in the application suggests, virtual schools using K12 's curriculum are among the highest-scoring virtual schools in the states in which they are operated.
 - B. Encourage the use of different and innovative teaching methods. Utilizing the UVA academic program that unites traditional learning with cutting-edge technology. Lessons are presented in an engaging mix of print and multimedia to enhance the learning experience and are designed to address different learning styles. Accordingly, UVA's curriculum is particularly well-suited to students requiring differentiated learning experiences (such as gifted, at-risk, or academically challenged children.)
 - C. Create new professional opportunities for educators that allow them to participate in designing and implementing the learning program. Teaching at a virtual school is significantly different from teaching in a traditional classroom. With its emphasis on technology and customization, such opportunities, however, prove to be irresistible to many teachers and result in large numbers of applicants.
 - D. Provide greater opportunities for parental involvement in management decisions at the school level. Parents and community members can hold a direct leadership position and influence the management of the school by serving on the UVA Board of Trustees and parents can also participate in the Parent Advisory Group.

Teachers are available daily by phone or email when students (or adults) have technical or curriculum questions, and will also grade student work, deliver report cards, and track and record student progress/attendance.

D. The K12 curriculum is performance-based. Students complete a short assessment at the end of each lesson. For students to demonstrate mastery, they must generally score 80% or higher on the lesson assessment. If a lesson is not mastered, students will have the opportunity to retake the lesson until mastery is obtained.

E. If a lesson is not mastered, the following instructional support may be provided to help the student achieve mastery: (1) K12 curriculum lesson modification. Each lesson contains additional web resources and supplemental materials to assist the parent/other responsible adult with his/her instruction; (2) Direct teacher instruction. Each Utah Virtual Academy teacher can come to the student’s home or meet at a nearby location to provide direct instruction to the student when necessary.

F. Students are served – in every course – by subject-specific, certified teachers who are experts in their field of study and in the most effective online instructional techniques.
