

2017-2018 WIK12 Advocates (Parent Advisory Council)

Mission Statement:

The WIK12 Advocates is a group of parent volunteers whose mission is to provide a link of communication between parents, teachers and administration to promote a positive learning atmosphere. We create a sense of connectedness and community while inviting others to do the same through hosting regional parent-organized outings. We assist Learning Coaches in becoming confident and effective in supporting their student's success at WIVA and DCA.

Each member:

- Participates at monthly meetings - 2nd Wednesday of each month @ 12:30 p.m. (every other month includes the school administrative team)
- Assists at new family orientations as needed
- Shares with teachers the learning coaches' view and perspective
- Provides suggestions and feedback to our administrative team
