

Stride Rapid Credit Recovery & Middle School Skills Recovery

Reset for Learning Growth So All Students Can Succeed in School and Beyond

Stride Rapid Credit Recovery & Middle School Skills Recovery is a new, faster way to get students back on track to academic success.

Help middle school students close learning gaps so they are ready for high school. Help high school students gain the credits they need to graduate. Our solutions meet students at their academic level and adapt as they progress.

Fast-Track Academic Success for All Learners

Adapt to individual learning needs

- Flexibly designed for credit recovery and supplemental skills recovery
- Diagnostic-driven, adaptive release model provides personalized learning
- Students can focus on filling in knowledge gaps

Increase educator efficiency

- Front-end diagnostics automatically place students where they need to be to master content
- Ease teacher workload with computer-graded assessments and activities

Support social-emotional learning

- Reframe credit and skills recovery as student-driven opportunities for learning and growth
- Foster a growth mindset of resilience, perseverance, and self-management

Build equity

- Help students gain the confidence they need in a personalized, self-paced learning environment
- Level the playing field, giving all students a track to success in high school and beyond

Middle School Skills Recovery Courses Prepare Students for High School

Supplemental, diagnostic skills recovery in Math, ELA, Science, and Social Studies help middle schoolers close learning gaps and get ready for success in high school.

Rapid Credit Recovery Courses Allow for Maximum Flexibility

For Rapid Credit Recovery courses, instructors can select from two implementation options to personalize for every student.

Support Learning Recovery with ESSER Funds

With over \$100 billion in federal funding under ESSER I and II through September 2023, and ESSER III through 2024, districts can use funding to get students back on track

- ✓ **Speed Recovery:** Fund interventions to close learning gaps and accelerate learning
- ✓ **Ensure Equity:** Meet the unique needs of all students
- ✓ **Prioritize SEL:** Help develop a growth mindset
- ✓ **Prepare for the Future:** Implement systems to improve readiness for school closings

Create a pathway for students to succeed in high school and beyond.
