Emily Marble – Sister-in-law informed her of opening on the board. Doesn't have school employment experience but wants to expand her horizon. She is a CPA.

Doug Shaw asked how she feels about the management company and the virtual school. As a governing board we make sure the management company and the school is doing what they are supposed to. Michelle Smith asked Emily to read the mission statement and give her take on it. Feels that the board would make sure that the mission statement is followed. Emily said she would be available for meetings.

Veronica Hobby – Michelle Smith asked what her experience is. Veronica was on the board at Spectrum Academy for 2 ½ years. Had a larger board with competing views. Enjoyed learning how a charter school works and got to know the families. What you brings you to apply with UTVA? Wants to be involved with her children's school and see what the need is and see if this a good fit. Has a daughter currently enrolled in 10th grade and had an older daughter involved a couple of years ago. Veronica Hobby likes UTVA and K12 curriculum. Came from the home school community. Is impressed with the teachers. Michelle Smith asked what she would do if she has conflicting views with the board. Veronica would represent the school and stand by the boards decision and support it. Michelle Smith asked her to read the mission statement and tell what she thinks that means and as a board member what would you do make sure this is followed. Veronica likes that it covers parents, students and staff. She likes that is also addresses the unique styles of learning for all students. As a board member you have to make sure the finances are there to cover the costs and promote the bottom line. Doug Shaw asked what the difference is between governance and management. Veronica said that we need to make sure the management company is doing their job. Michelle Smith asked what Veronica could bring to the board as an asset. Veronica said she is parent of a disable child and has been in all the different school communities and can bring insight to the school with what works and what doesn't. Michelle Smith asked how Veronica can consider all student's needs and not just her own. When you become part of a board you need to remember you are a part of the board. Doug Shaw asked if she would be available to attend the board meetings and she said yes.

Stacey Hutchings suggested that we have a special board meeting in a couple of weeks and talk with Preston Eichers and then decide on the new board members. We will need to have a quorum at this meeting.
