Email and telephone are the primary sources of contact between the teacher and the parents; therefore, it is essential that parents check their email and voicemail at least twice a day. Parents should promptly reply to emails or voicemails received from the K12 Florida L.L.C. cyber charter school/virtual instruction program or K12. Teachers spend a significant amount of their time providing instruction in Class Connect sessions and, as a result, may not be available to answer all telephone calls as they come in. All communications between administrators, teachers, the parents/learning coaches, students, and other parties directly related to the K12 Florida L.L.C. cyber charter school/virtual instruction program must be conducted with appropriate professionalism. Demeaning or profane language and derogatory remarks/innuendos are not acceptable. This includes communications during conferences, communications in email, and communications posted to any school sponsored community board.

Parent/Teacher Conferences

Parents are required to participate in scheduled conferences. The date and time of the conference will be arranged at a mutually agreeable time. Teachers will conference with the parents and students. The teacher will determine with the family whether conferences will be held via phone, Class Connect, or both. There are times that the teacher may deem it appropriate for face-to-face conferences. Face-to-face conferences will be conducted at a public place, like public libraries, local community centers, at the main office, etc. in a location where the parties can have a discussion privately. Parents are required to keep all scheduled conferences, or provide a 24-hour notice if a cancellation is necessary and reschedule a new appointment (at the time of cancellation).
